## HENRY H. HORTON SUCCEEDS PEAY AS TENNESSEE GOVERNOR

By Associated Press.  
Nashville, Tenn., Oct. 3.—Henry H. Horton, former speaker of the Tennessee Senate, today formally took up the reins of government as his state's 39th chief executive to fill the unexpired term of Governor Austin S. Peay, who died last night. Shorn of all formalities, the inauguration ceremony took place in the former Senator Horton's rooms at the Andrew Jackson Hotel. The ceremony by which Mr. Horton became the thirty-ninth chief executive of Tennessee was without any formality and only a few state officials and intimate friends besides Mrs. Horton and a son, J. W. Horton, were present. Colonel Charles A. Lindbergh, who was due to visit Nashville Tuesday, will be asked to cancel his visit and instead to drop a wreath over the state capital as a mark of respect to the late Governor Peay as he flies over the city.

## WORKERS CONFERENCE CORSICANA BAPTISTS TO MEET AT PURDON

The workers' Conference of Corsicana Baptist Association will meet with the Purdon church Monday, October 17, at 10 a. m. Subjects of general interest to the association will be discussed. The W. M. U. meeting will be of special interest, as there will be reports from those who will attend their State Board meeting in Dallas. The regular meeting of

## ANNUAL CONVENTION AMERICAN RED CROSS OPENS IN WASHINGTON

By Associated Press.  
Washington, Oct. 3.—Looking forward to addresses by President Coolidge and Secretary Hoover, more than 500 delegates assembled in the capital today to attend the seventh annual convention of the American Red Cross. As head of the great relief organization, President Coolidge was on the program to speak at tonight's session with his address announced to begin promptly at 8 o'clock. Secretary Hoover was scheduled to speak tomorrow evening at a special flood relief session. An innovation of the convention was the attendance for the first time of delegates from the Junior Red Cross, representing a high school membership of more than 600,000. They were to be present at all regular sessions and attend round table conferences prepared especially for them.

The Association Executive Board will be held in the afternoon. It is announced that some noted men from outside the association will appear on the program. Among them are Rev. R. A. Scrantom, Budget Secretary of the Baptist General Convention, and Prof. E. Reynolds, head of the School of Gospel Music, the Baptist Seminary, Fort Worth. It is announced that the program is being prepared and will be published later.

Jim Bailey of the Frost community was in Corsicana Saturday afternoon. Austin—Contracts for road work in state totaling about \$400,000 let recently.

## BUILDING HELD TO BE DANGEROUS AFTER FULL EXAMINATION

The Stephen F. Austin School building, located on First avenue between Twelfth and Thirtieth streets, was officially announced unsafe for occupancy and the students in that building have been assigned to other schools of the city, according to announcement Monday by W. P. McCammon, president of the school board. This action was taken following adverse reports of competent engineers and contractors at a special meeting of the school board Sunday afternoon in the office of H. D. Fillers, superintendent of the Corsicana public schools.

The building had been inspected by E. O. Taylor of Wyatt C. Hedrick, Inc., architects and engineers, Fort Worth; Robert Z. Campbell, assistant engineer from the city engineering department, whose report was approved by Wm. V. Mowlam, acting assistant city engineer, and J. E. Metcalf of J. E. Metcalf & Son, general contractors, Corsicana, all of whom submitted written reports to the board.

Many Repairs Made.  
"Repairs and attempts to render the building safe have been made over a period of eight years by the school board," Mr. McCammon said in connection with the announcement of the action of the school board. "Soon after the erection of the building the board had the northwest corner of the building from the foundation to the roof rebuilt, this work being done under the supervision of competent engineers."

Continuing, Mr. McCammon said: "In the summer of 1922 the entire south wall was rebuilt from the foundation to the roof under the supervision of competent authorities. In the summer of 1924 the entire building was 'rod' throughout and during the vacation period of this past summer the board had the building braced and reinforcement work done to make the stairway safe."

"Upon the opening of the school session, numerous patrons of the school made complaints to the board concerning the dangerous condition of the building after which the board took steps of having the building thoroughly examined by competent engineers and by a local contractor."

When the children of the Austin school came to their classes Monday morning they were informed where they would attend school in the future and all will continue their studies Tuesday in the various schools of the city where they have been assigned.

Building Closed.  
"The building will be temporarily closed," Mr. McCammon stated, "but it is the wish of the school board for all citizens wishing to do so to inspect the building, the keys to which can be secured at the office of the superintendent or from myself." It was also stated by Mr. McCammon that the board was not planning at the present to abandon this location as a school site but had not made any plans as to what their future actions would be.

Those attending the special meeting Sunday were W. P. McCammon, president; Mrs. T. A. Miller, vice president; C. A. Middleton, secretary; Mrs. J. E. Butler, C. T. Banister, C. G. Davidson, S. J. Jackson, H. D. Fillers, superintendent.

Following are the reports submitted by the engineers:  
Hedrick Report.  
From Wyatt C. Hedrick, Inc., Fort Worth: "After having inspected the Stephen F. Austin School of your city and giving considerable study to the conditions encountered, we regret to report that, in our opinion, this building is unsafe for continued occupancy. There have been settlements of the foundation and horizontal movements of the soil beneath same, and these are apparently continuing. We feel that with the coming of winter rains more movements will occur, causing additional strains on the structure and greatly increasing the hazard. We, therefore, recommend to you that this building be abandoned as soon as practicable. As the trouble is the foundation, any effective repairs would be excessively expensive. Much of the old material could be used in a new building after an adequate foundation is laid."

City Engineer's Report.  
From the City Engineering Department: "In compliance with your request we have made an examination of the Stephen F. Austin School and consider it unsafe in its present condition. The trouble appears to have been caused by a change in soil conditions which could not have been foreseen and not to faulty design or construction. In all probability the cost of restoring the present building to serviceable condition will be excessive and it would appear to be more economical to salvage the same."

Metcalf's Report.  
From J. E. Metcalf & Son: "After a very careful examination, we find this building in a very bad condition, due to the constant lateral and upward movement of the soil, affecting the foundation to such an extent, causing the foundation, as well as the super-structure to badly crack throughout and also the walls are badly out of

## HEAVY RAIN FELL OVER COUNTY WITH DAMAGE TO COTTON

A rain averaging four inches or more fell in Navarro county Saturday night and Sunday morning. In some sections it was accompanied by high wind and considerable damage was done to open cotton.

Dawson reported 4.67 inches of rainfall and some wind. Cotton which had been whipped out by a heavy wind last Thursday in the Dawson community, was damaged and it was reported that the farmers might start pulling it.

Chaffetz reported 4.50 inches of rain which did considerable damage to cotton. Farmers were expected to start pulling cotton in that community, it was reported.

Emhouse, Rice, Dawson, Blooming Grove, Richland, Powell, Kerens and other sections reported heavy rains but not so much wind. There was less damage to cotton where the winds were lightest.

The rain will enable the farmers to start breaking land that had been too dry before the rain. The only injuries reported as a result of wind was that of Albert Sanders, his wife and baby who live six miles north of Blooming Grove when their home was blown down. They received only slight injuries.

The rainfall in Corsicana amounted to 4 inches. Chambers creek is out of banks.

Richland creek between Corsicana and Richland was reported to be over-flowing Monday morning after the hard rains in this and adjoining counties Saturday night and Sunday morning.

Some persons summoned as jurors from Richland attempted to drive to Corsicana and were forced to return, telephone messages stating.

Highway Travel Hampered.  
In spite of good dry weather, the heavy week-end rains were making highway travel difficult Monday morning, according to reports obtained by the Chamber of Commerce.

Richland creek was over the bridges on the Mexia route and made passage inadvisable.

Traffic to Waco by Dawson was having difficulty.

The highway to Dallas was in fair shape in Navarro county but very muddy in the Palmer bottoms. Blooming Grove reported travel was getting through to Hillsboro with some very heavy stretches to the west.

The route eastward to Athens by Kerens was open with some difficult stretches but rapidly improving.

Conditions were rapidly improving. Dallas reported Oklahoma roads impassable in many places and heavy stretches of all unpaved roads throughout North Texas.

plumb and level. However, we do not find but very little deterioration to the material of which the building is built. We notice the building has been thoroughly rotted at some earlier date, and this has no doubt saved the structure from collapse. This, however, will not save the building in its present condition. In relation to repairing this building, beg to say it is impracticable, as well as very expensive, and would be money unwisely spent, as it would not prevent the repetition of the conditions of this building in the future. This building should be razed and reconstructed, salvaging all material possible in a view of this finding we must come to the conclusion that this building is dangerous and should not be used, as the vibration brought about by the movements of the pupils will greatly increase the strains on the building causing a much greater risk."

Schools Are Filled.  
The majority of the 207 students who have been attending the Stephen F. Austin School will be cared for at the Sam Houston School. About sixteen of the number will go to the Travis School. One vacant room was available in the Sam Houston building, and three more were secured by moving the kindergarten out of the building, sending the low sixth grade back to the William B. Travis School, and one section of the high fourth and fifth grades to the Robert E. Lee School.

All of the schools are now just comfortably filled, according to Superintendent Fillers, and several children can still be accommodated in each grade.

Misses Sizemore, Bealred, and Mrs. Latin were transferred from the Austin School to the Sam Houston; Misses Anderson and King to the Travis and Miss Simms to the Lee School.

A re-districting of the town will probably be made in the Spring semester, according to Superintendent Fillers, but the changes necessitated at this time will not work a hardship on any of the children. Very few will have a greater distance to travel, and many of them will have a less distance to go to reach their school.

Pav Roll Probe to Start.  
Austin, Texas, Oct. 3.—Investigation of alleged "padded payrolls" of the 1926 State Highway Department was scheduled to start again today as the Travis county grand jury reconvened.

Oscar Ross is still in a serious condition at the Navarro County Hospital.

## WACO MAN SLAIN AFTER ARGUMENT OVER COLLECTION

By Associated Press.  
Waco, Texas, Oct. 3.—Former Governor Pat M. Neff was engaged today as a special prosecutor for the State in the case of A. L. Bradley, contractor, charged with the murder in the shooting Sunday of Raymond McCauley, 24, automobile dealer.

Up to noon, no effort had been made by Bradley or his son-in-law, H. F. Powell, also facing a murder charge, to obtain bond.

McCauley, son of former City Manager J. B. McCauley, was fatally shot after an argument over an automobile collection.

Benjamin Crouch is doing nicely at the Corsicana Hospital and Clinic following an operation Saturday.

## MINNESOTA GIRL STUDENT IS FOUND BEATEN TO DEATH

By Associated Press.  
Minneapolis, Oct. 3.—Children playing hide and seek in an alley found the bruised and disfigured body of Pearl Osten, 21-year-old student, in a shed yesterday. The girl's clothing was torn, her features battered, and there were finger marks in her throat.

Miss Osten, who came here a fortnight ago from Pelican Rapids, Minn., was employed as a waitress, earning her way through school. She was last seen when she started home from work early Sunday morning.

A scarf, made of three handkerchiefs and which apparently was dropped by the girl's slayer was the meagre clue on which police were at work.

"Corsicana Has It."

## OCTOBER TERM OF DISTRICT COURT IS OPENED BY JUDGE

The October term of the Thirtieth Judicial District Court was formally opened Monday morning by Hawkins Scarborough, district judge. The scheduled empanelling of the grand jury was postponed until Tuesday morning at 10 o'clock due to a number being excused by the judge and others being unable to be present due to the rains and road conditions. The sheriff was instructed to summon five additional men for grand jury service, the Court remarking that this was the first time since he had been on the bench that there were not enough prospective jurors to empanel a grand jury.

Henry Bounds of Wortham is recovering nicely at the Navarro County Hospital following an operation several days ago.

## BODY OF TEXAN FOUND IN RIVER IN NORTH DAKOTA

By Associated Press.  
Grand Forks, N. D., Oct. 3.—The body of a man believed to be J. D. Masse, of McKinney, Texas, was found Monday in a river north of here. Coroner G. L. Anderson said the body apparently had been in the water about ten days.

Whether death had been caused from blows about the head, which showed bruises, could not be determined. They might have resulted from contact with rocks in the river, the coroner said.

Noted Astronomer Dies.  
St. Louis, Oct. 3.—Monsignor Martin S. Brennan, 82, Catholic priest and nationally known astronomer, died here today after a lingering illness.

### BUILDING TEXAS

The Texas Power and Light  
Company is establishing a branch  
office in Corsicana. This organiza-  
tion under the direction of John  
Carpenter, former resident of Cor-  
sicana, is doing as much or more  
than any other Texas concern for  
the building of Texas. Mr. Carpen-  
ter is a man of vision and he has  
faith in the future of Texas. He  
is backing his faith by large expend-  
itures of money.

Commenting editorially on an  
address made by Col. C. C. Walsh,  
chairman of the board of the Fed-  
eral Reserve Bank at Dallas, be-  
fore members of the Denton lunch-  
club, the Denton Record-  
Chronicle says: "It is not at all  
singular that Col. Walsh should  
have visions of the Texas that is  
to be, for few men have the oppor-  
tunities he has of observing condi-  
tions in Texas and state in the  
area served by the Federal Dis-  
trict Reserve Bank. Other men  
throughout the state have the same  
visions of a great Texas, and are  
turning their energies toward  
building up their respective sec-  
tions or the state as a whole. Such  
men as John H. Kirby of Houston,  
J. A. Kemp of Wichita Falls, John  
W. Carpenter and Nathan Adams of  
Dallas, and a score of others whose  
deeds have marked them as citi-  
zens of Texas rather than as  
merely of this state and, in  
their particular fields, are hasten-  
ing the day when Texas is to reach  
a pre-eminent position among the  
states.

These builders of Texas must  
have the assistance of the city  
builders in the smaller commu-  
nities to expedite their work. The  
fullest co-operation should be  
given them and the city that co-  
operates with the State builders  
will prosper.

Texas holds much for its citi-  
zenship but we must all work to-  
gether with only one goal in view  
and that is the building of Texas  
as a whole. As Texas prospers so  
will the progressive communities.

### ARE THE FARMS CATCHING UP?

"Agriculture may diminish its  
labor and double its produce,"  
wrote Benjamin Franklin 150 years  
ago, discounting what science  
might achieve. Whether his asser-  
tion is not as good now as it was  
then is worth examination. Under  
Secretary Hoover the department  
of commerce now measures such  
progress. Though the showing for  
agriculture is good, better is made  
for mining, manufacturing and  
transportation.

It appears that during the first  
25 years of the present century  
the quantity of products in agri-  
culture, per unit of population in  
the country, increased 47 per cent;  
in mining, 345 per cent; and in  
manufacturing, 175 per cent. More  
recent figures bear more directly  
on the present. Putting the out-  
put per worker in 1919 at 100, the  
output per worker in agriculture  
rose to 118 in 1925; in mining, to  
127; and in manufacturing, to 140.5.  
So mechanization and co-ordina-  
tion, apparently, have achieved  
much more in mining and manufac-  
turing than in agriculture.

Other statistics, yet more recent,  
seem significant. The value of  
farm tractors manufactured in  
1925 came to \$121,050,000 and in  
1926 to \$145,912,000; harvesting  
machinery, for the two years, to  
\$23,387,000 and \$46,007,000; com-  
bines (harvester-threshers) \$1-  
650,000 and \$2,134,000; and plows  
and lists \$23,937,000 and \$33,148-  
000. Agriculture may now be  
making a burst forward along the  
lines which, as her sister indus-  
tries have proved, reduces costs  
and increases profits. Herein, it  
quite definitely seems, should lie  
the major solution of the farm  
problem.

### FROM OAR TO OIL

Shipbuilding figures compiled by  
Lloyd's show that of the ocean go-  
ing ships now under construction  
1,459,595 tons will be propelled by  
internal combustion engines as  
compared with 1,366,809 tons to be  
driven by steam.

This is the first time motor ma-  
rine tonnage has been greater than  
steam tonnage. The fact opens a  
long vista of retrospect and invites  
conjecture as to the future of ship-  
building.

Motor power has not only made  
its advent on the high seas, but  
is firmly established there. All in-  
dications point to its being des-  
tined to expand further. Here is a  
new and phenomenal accession to  
the evolution of maritime propul-  
sion. It is a long step from the  
primitive paddle to the marine  
motor. It is no wonder that many  
thoughtful observers are assigning  
to the last departure a place of de-  
cisive significance.

The indubitable success of the  
maritime motor does not, however,  
presuppose that steam is to be cast  
into the discard. The discovery  
of Fulton will not yet yield to the  
invention of Diesel. The general  
trend of invention has been less  
characterized by the displacement  
of one process by another, than by  
the simultaneous use of methods  
essentially different.

It was many years before sails  
were virtually eliminated by steam.  
Were it possible to trace naviga-  
tion to its primeval state it would  
doubtless be found that centuries  
elapsed before the oar gave preced-  
ence to sail. Long after the sail  
was adapted to sea-going craft the  
oar remained an auxiliary source of  
 motive power for that craft.

After the oar, the sail. After the  
sail the steam engine. After the  
steam engine, the internal combus-  
tion motor. After the marine  
motor, what?

### IS THIS ECONOMY?

At this time when suggestions  
for the government to spend mil-  
lions are coming from every quar-  
ter, the taxpayer grasps at every  
idea that promises government  
economy and tax reduction and  
demands that the white house, de-  
partments concerned and congress  
give them serious consideration.  
One of these hope-giving sugges-  
tions is for the consolidation of all  
governmental departments, patrol service  
—customs, prohibition and immi-  
gration.

Here obviously, is costly and  
wasteful duplication of effort.  
Three separate patrols are main-  
tained along the country's thou-  
sands of miles of border and coast  
by the department of labor, and  
two branches of the treasury de-  
partment. A watchman at every  
crossing would be sufficient but a  
cautious and extravagant govern-  
ment must place at every crossing  
as many watchmen as there are  
trains passing it.

It is not contented that the  
three jobs could be performed by  
one-third the number of men, but  
if the ranks of the three armies of  
federal agents could be reduced by  
one-half thousands of men would  
be released for more productive la-  
bor, and millions of dollars would be  
made available for good roads,  
flood prevention, reclamation, con-  
servation and other worthwhile  
public projects.

Certainly undesirable aliens,  
rum and dutiable goods are not  
pouring into this country in such  
volume that one man cannot keep  
his eye on all three at one and the  
same time.

Formidable obstacles to carrying  
out the suggested consolidation are  
the political opposition to the dis-  
charging of thousands of jobholders  
and an inevitable conflict between  
federal departments over control  
of the consolidated revenue force.

A proper extension of the city  
limits would add several thou-  
sand people to the population of  
Corsicana. In 1930 another gov-  
ernment census will be taken.  
Corsicana should show a substan-  
tial increase over the 1920 census.

Corsicana cannot afford to hesi-  
tate at this critical period of  
growth. A wide program of ac-  
tivity should be worked out and  
an organized effort centered on  
the major projects.

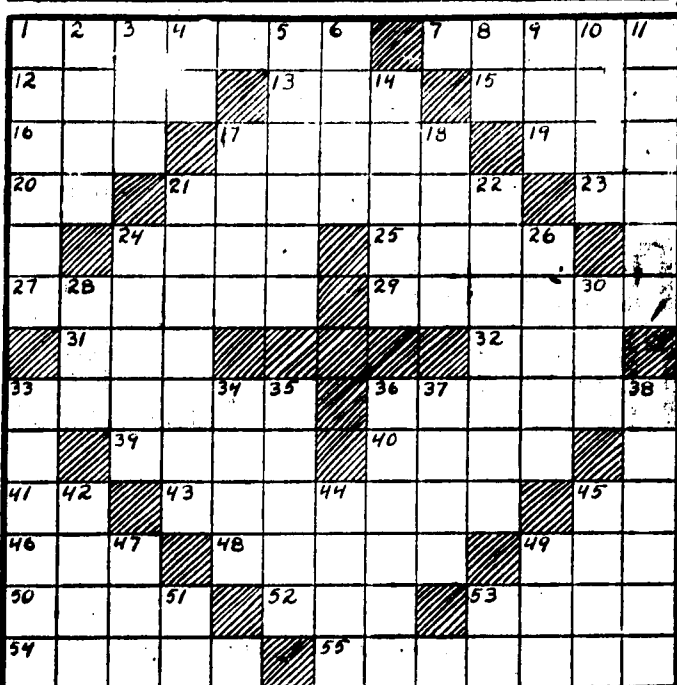

A free country is happier. There  
are no fixed classes, and everybody  
can feel superior.

Some hire a press agent and some  
give to charity and get their pub-  
licity cheaper.

Still an ash tray looks about as  
well on a dining table as a tooth-  
pick holder.

Religion has failed when it tol-  
erates intolerance.

## NUMEROUS NAVARRO COUNTY CASES COME UP IN WACO COURT

Waco, Texas, Sept. 30.—Among  
the cases considered here Thurs-  
day by the Tenth Court of Civil  
Appeals were:

Motion to dismiss appeal for  
lack of prosecution submitted,  
Humble Oil and Refining Com-  
pany vs. J. W. Johnson et al., Na-  
varro county.

Motion for permission to file  
brief or postpone submission,  
Humble Oil and Refining Com-  
pany vs. J. W. Johnson et al., Na-  
varro county.

Supplemental motion to strike  
transcript and bills of exception  
and assignments of error submit-  
ted, Mauldin Drilling Company  
vs. A. C. Weyman, Navarro county.

Motion to postpone submission  
submitted and granted, Humble  
Oil and Refining Company vs.  
State of Texas, Navarro county;  
W. M. Huggins vs. R. B. Johnson

et al., Navarro county; City of Cor-  
sicana vs. A. W. King et al., Na-  
varro county.

Cases submitted: American  
Railway Express Company vs. L. C.  
Thompson, Navarro county;  
Mauldin Drilling Company vs.  
C. Weyman, Navarro county; Sam  
Tucker et al. vs. B. L. Walker et  
al., Navarro county; Enoch North  
et al. vs. W. S. North, Navarro  
county.

### Little Boy Cuts Foot Severely

Caxton, 8 year old son of Mr.  
and Mrs. Wm. Divin, stepped on a  
piece of broken half brick Satur-  
day afternoon and cut his foot to  
the bone in several places. Fif-  
teen stitches were required to close  
up the wounds. He was reported  
resting well late Saturday after-  
noon.

Week's Weather Outlook.  
Washington, Oct. 1.—Weather  
outlook for week beginning Monday.  
Southern plains and gulf states:  
Generally cloudy with widely scat-  
tered showers about middle of  
week; cooler first part after which  
seasonal temperatures will prevail.

## FORMER SERVICE MAN APPRECIATES AID BY HON. LUTHER JOHNSON

An ex-service man called at the  
Sun office Saturday and request-  
ed that his appreciation for services  
rendered be expressed to Hon. Lu-  
ther A. Johnson, congressman from  
the Sixth district.

According to the former soldier  
he was injured while in the air  
service during the world war and  
that all of his efforts to get his in-  
surance papers through the maze  
of red tape had failed and just  
about the time he had given up  
hope a mutual friend put him in  
touch with Mr. Johnson. The ex-  
soldier said Mr. Johnson, at his  
own expense took the matter in  
charge which resulted in the in-  
surance being reinstated in a very  
short time.

"I am not a resident of Navarro  
county," the former service man  
stated, "but Mr. Johnson went to  
work on my case and I am very  
thankful to him. I want the peo-  
ple to know of the interest he took  
in my case."  
His map joined the army soon after  
the outbreak of the war and  
served nineteen months. He was  
injured on Long Island, N. Y., and  
was in the air service. He was sev-  
enteen years of age when he joined  
the army in July, 1917.

## DYNAMITE CAP EXPLODES INJURING TWO KERENS LADS

Special to The Sun.

Kerens, Texas, Oct. 1.—Clinton  
Floyd, 14, and Jarrell Floyd, 7,  
were painfully injured Sunday after-  
noon about 2:30 when a dynamite  
cap which they were experi-  
menting with exploded causing bits  
of steel to pierce their bodies. Clin-  
ton sustained injuries to his left  
hand, knee and abdomen while the  
latter received minor scratches. The  
accident happened at Stucker's  
shop at Rural Shade, and the youths  
were rushed to Kerens for medical  
attention.

Finding the dynamite caps at the  
shop the lads placed one on the  
top edge of an automobile door  
and using a screw driver tried to  
break into the cap. It was in this  
manner that the explosion followed.  
The elder of the two lads will be  
confined about a week or ten  
days it was learned Monday. Clin-  
ton is the son of Mr. and Mrs. J. A.  
Floyd, and Jarrell the son of Mr.  
and Mrs. Raymond Floyd.

## SICKLY FEEBISH CHILDREN

Children suffering from intestinal  
worms are cross, restless and  
unhealthy. There are other symp-  
toms, however. If the child is pale,  
has dark rings under the eyes, bad  
breath and takes no interest in  
play, it is almost a certainty that  
worms are eating away its vitality.  
his best remedy for worms is  
Worms Cream Vermifuge. It is  
positive destruction to the worms  
but harmless to the child. Price  
35c. Sold by Lee Drug Company.

"Corsicana Has It."

## IS THERE NO RELIEF FROM SKIN TORTURE?

Must I Continue to

# WORLD'S SERIES COMBATS TO BEGIN IN PITTSBURGH 12:30 O'CLOCK WEDNESDAY, OCT. 5

The 1927 World's Series between the Pittsburgh Pirates of the National League and the New York Yankees of the American League will open in Pittsburgh Wednesday at 12:30 o'clock (12:30 o'clock Corsicana time). The Daily Sun will receive a play-by-play report, including balls and strikes, direct from the playing field via leased Associated Press wire, supplemented by descriptive leads and features. The reports will also be received by radio through the courtesy of the Layton-Sewell Company, local dealers, over the latest Kolster machine. The play-by-play Associated Press report will be written by Carl S. Brandebury, statistics and clubhouse features by Edward J. Nell; early day feature stories by Brian Bell; night leads, by Alan J. Gould; all of the New York Associated Press staff sport writers.

## CEDAR CREEK POOL ACTIVITIES SLACK REPORTED FRIDAY

Activity in the Cedar Creek area, southwest of the old Nigger Creek field at Mexia, was rather slack Friday. One well was nearing the pay, one was waiting for casing to set and another was preparing to abandon. The Reiter-Lewis-Montray Ward No. 2, off-setting the discovery well, retains its honors as the best well in the new field, with a flow of 340 barrels and an estimated three million cubic feet of gas.

The Ryeland Oil Company was preparing to plug and abandon at 2896. No showing of oil was found in this test. Transcontinental's J. A. Dugger No. 1 was down to 2918 feet, the deepest well in the field, making three million cubic feet of gas and spraying some salt water. Creek was washing the hole and caving Friday. The Crawford-Reynolds-Shin Company Dugger No. 1 was shut down at 2896 Friday waiting for orders.

Work of cleaning out the discovery well at Mexia was still in progress. The Reiter-Lewis-Montray No. 1 has drilled plug at 2867 and caved down to 2871. Crew on the Reiter-Lewis Dugger No. 2 was waiting for cement to set after drilling casing at 2864 feet. The Wharton Oil Company's test well at 2864, the Transcontinental's No. 1 flowed better than 100 barrels as it was agitated. The

The first two games will be played in Pittsburgh Wednesday and Thursday afternoons. The scene of the hostilities will be shifted to the Yankee Stadium October 7, 8, 9. In the event that the sixth and seventh games are needed to determine the championship, they will be played in Pittsburgh, Oct. 10-11.

The Sunday game in New York, Oct. 9, will start at 2:01 p. m., or 1:01 Corsicana time. The play-by-play report of the World's Series games will be carried in the regular afternoon edition of the Corsicana Daily Sun on the way of the game, including a box score, lead and early day features, complete in every respect. Read the Daily Sun for the first and most complete done and results of the 1927 World's Series.

## WARD NO. 1 OF THE SAME COMPANY WAS MAKING ABOUT 30 BARRELS A DAY BY HEADS.

A SPLENDID FEELING That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price per Sold by Lee Drug Company.

## PIONEER RESIDENT HUBBARD CITY WAS BURIED TUESDAY

Hubbard, Texas, Oct. 1.—Mrs. J. B. Dunn, aged 84 years, resident of Hubbard for 43 years, died here Monday night and the remains were interred in Fair View cemetery Tuesday. She was born in North Carolina. Mrs. Dunn was the wife of the late Dr. J. B. Dunn. Surviving are five daughters: Mrs. W. E. McDaniel, Hubbard; Mrs. J. H. Johnson, Corpus Christi; Mrs. N. J. Matthews, Fort Worth; Mrs. W. K. Shelton, Dallas; Mrs. J. C. Martin, Wichita Falls; one son, R. C. Dunn, Hubbard; nine grandchildren and two great-grandchildren.

"Corsicana Has It."

## FEDERAL JUDGE IS SHOT FOUR TIMES BY SALT LAKE WOMAN

By Associated Press. Salt Lake City, Utah, Sept. 30.—United States District Judge Tillman D. Johnson was shot and seriously wounded by Mrs. Eliza Simmons, as he fouled the bench of his court room today. Mrs. Simmons fired two shots at the judge, one of which took effect in his body below the waist.

After the first shot, which went wild, Judge Johnson turned from the woman and stumbled and fell as he descended the bench steps. Mrs. Simmons ran across the rostrum and standing over the judge, fired four shots at him at close range before she was overpowered by court attendants.

Judge Johnson was taken to a hospital where it was found that none of the bullets had inflicted a mortal wound. His condition, however, was reported serious. Mrs. Simmons was plaintiff in a suit against the Utah Copper Company for \$25,000 damages for the death of her husband, John Allen Simmons, in a mine accident at Bingham, Utah, on April 3, 1910. The suit was tried May 10 and dismissed on the grounds of no cause for action. Mrs. Simmons then appealed to the U. S. Circuit Court of Appeals, and a decision by that court upheld the decision of the lower court.

At the county jail, where Mrs. Simmons was taken, she said she had first intended to get U. S. Senator William H. King, who she blamed for losing the suit.

## HUNDRED YEARS OF WARFARE ENDS WITH SURRENDER YAQUIS

By Associated Press. Nogales, Ariz., Sept. 30.—The end of a century of warfare which the Yaqui Indians have waged against the Mexican government appeared near today.

It was believed by General Francisco R. Manzo, commander of the military forces in Sonora, Mexico, that with the unconditional surrender to Federal forces last Wednesday of Chief Mori and about 600 braves the final chapter of the century-old warfare was written. The Yaqui chief and his warriors surrendered at Ortiz, Sonora.

General Manzo reported that Chief Luis Matsui, the recognized head of the tribe, is now in the Sierra de Bacatete mountains, the Yaqui stronghold, surrounded by scattered bands preparatory to making a complete and unconditional surrender.

## FAITHFUL DOG IS GIVEN CREDIT FOR SAVING HIS MASTER

By Associated Press. Bend, Ore., Sept. 30.—The story of the faithful service of a sheep dog which by carrying a blood-stained glove to a camp three miles distant, and by leading a searcher back into the hills, probably saved the life of his master, was told today when Patrick Welch, camp tender, was brought to a hospital here, seriously wounded by the accidental discharge of his rifle.

Welch had gone into the hills to hunt. Accidentally his weapon was discharged, the bullet ranging upward through his hip. Unable to walk, he tied his glove, covered with his own blood, to his dog's neck. The dog immediately left for camp and led the sheep herder back to the spot where Welch was slowly bleeding to death.

Welch was tied to a horse and brought out of the snow-swept hills 12 hours after the accident. He is expected to recover.

## DAWSON RESIDENT PASSES AWAY AFTER WEEKS OF ILLNESS

Dawson, Texas, Sept. 30.—C. W. Walkup, aged 50 years, died at his home here last Friday following an illness of several weeks, and the remains were interred in the Dawson cemetery Saturday afternoon at 2 o'clock. The funeral services were conducted by Rev. T. G. Story, assisted by Rev. E. R. Patterson of Waco. The Dawson Masonic Lodge had charge of the services at the grave.

Mr. Walkup had been a resident of Dawson two years, residing at Mr. Cain prior to moving here. Surviving are his wife, one daughter, four sons, step-mother, Mrs. J. A. Walkup; two sisters, Mrs. T. S. McCheney, Weatherford; Mrs. C. E. Simpson, Granbury; one brother, Rev. J. A. Walkup, Wortham.

## For Sale

One English Birdsong, good on fox or wolves, one registered Walker out of Bill Stride; two young dogs, one in one dog 12 months old, started good, all three are white and tan and lemon, one black 10 months old Walker and July started. Good reason for selling, my health. The first \$60 gets the pack. They are all well bred dogs. See R. P. McIntyre at Sun office, residence phone 783.

## Brilliant Wedding Unites Prominent Families Monday

Special to the Sun.

Kerens, Texas, Sept. 30.—A wedding of unusual interest for the popularity of both the bride and groom, and the long prominence of the families thus connected was solemnized at the home of the bride's parents Monday at high noon when Miss Estelle Foster, only daughter of Mr. and Mrs. Z. N. Foster, became the bride of James E. Taylor of San Marcos. The ring ceremony was impressively said by Rev. R. H. Bass, who until recently has been pastor of the local Baptist church. In a setting characterized by unusual beauty, this wedding was one of the prettiest of the season, and was of interest to a large circle of friends of the bride and groom. An attractive pink and green motif was worked out in the decorations, an altar banked with ferns forming a beautiful background for the tall wicker baskets filled with pink gladiolus and graceful fern.

In the dining room interest centered in the bride's cake, a heart-shaped creation which centered the table. Pink candles, ever trim and her slippers were of crystal holders completed the table decorations.

Proceeding the marriage Mrs. R. luncheon was served with Mrs. H. Mays sang in her usual charming way, "Just You Dear," accompanied by Mrs. Willie Hines, who played Mendelssohn's wedding march. The maid of honor, Miss Taylor, was the bride's only sister.

The bride's goingaway costume was a sport model of black and white. She wore a dress of beige white velvet with hat and accessories. Elizabeth with hat and accessories to match. Her corsage was of pink roses. Next came the ring bearer, dainty little Melba Berry, Mr. and Mrs. Wayne Hayes, Jean McKinney, in pink chiffon and Mrs. John Helms, Palestine, trimmed in

## FUNERAL SERVICES FOR AGED CORSICANA RESIDENT SUNDAY

Funeral services for Mrs. Sarah Jane Williams, aged 80 years, who died suddenly Friday noon, while sitting at the table, will be held from the residence of her daughter, Mrs. Minnie Harwell, 640 West Sixth avenue, Sunday afternoon at 2 o'clock, with interment at Oakwood cemetery. The services will be conducted by Rev. J. Howard Williams, pastor of the First Baptist church. Mrs. Williams was apparently in the best of health and had not complained of not being well.

Mrs. Williams was born in Mississippi but had been a resident of Texas for 70 years. Prior to moving to Corsicana nine years ago, she resided at Mart, Texas. Surviving are three daughters, Mrs. Minnie Harwell, Corsicana; Mrs. W. E. Kidd, Corsicana; Mrs. Frank Mills, Mart; eleven grandchildren and two great-grandchildren.

## AMERICAN LAWYER SEEKING RELEASE DUTY FROM ARMY

By Associated Press.  
Paris, Oct. 1.—The Paris edition of the New York Herald Tribune says an American lawyer has appealed to the French war ministry to give Bennett J. Doty, American war veteran, his discharge from the French Foreign Legion on the ground that his mother is old and infirm and bitterly disappointed over his return to the regiment.

Upon his release from a French prison after serving part of an eight year sentence, for desertion while on active duty in Syria, Doty was ordered to rejoin the regiment and serve the four years and one month remaining of his five year enlistment.

If the legal advisor to the ministry decides that the discharge can be granted without creating an unwelcome precedent, the final decision will rest with M. Painleve the war minister. Doty is now with his regiment at Sid-el-Abbes, Algeria.

## One Dozen Flowers To Plant This Fall

"Please give me a list of perennial flowers that should be planted this fall. I want the ones that are the easiest to care for and that will give a variety of flowers throughout the season."

There is a great variety of perennials that would fill the bill. We suggest the following dozen as being highly desirable for this purpose:

If sowed in late summer or early fall the perennial aster will produce flowers the following season. It produces a very beautiful daisy-like flower.

The candytuft is low growing, usually from 10 to 12 inches in height. It is very effective for massing against borders of higher growing flowers or shrubbery.

Because the flowers keep so long and because the plant blooms so freely, the Shasta daisy is one of the most desirable of the perennial flowers. When put in good ground and properly cared for it will produce blooms 2 1/2 to 4 inches in diameter.

Probably no perennial flower is better for bedding purposes than the dianthus or pink. The blooms serve well for cut flowers. In the upper sections of the South slight protection will be needed to carry the plants through the winter.

The digitalis or foxglove grows about two feet high, has very ornamental leaves, and a great mass of gorgeous blooms.

The little forget-me-not is one of the standbys of the perennials. It will bloom the following season if sowed in late summer or early fall. It only grows about seven or eight inches high and is very effective when planted in masses.

The heliotrope grows about two feet in height and produces a great mass of blooms. Sow seed early in order to get blooms the following season.

Probably the king of all the perennials for the South is the hollyhock. This flower is not appreciated, we believe as much as its merits justify and would urge everyone thinking of planting any flowers in the fall to not fail to put in some of them. They bloom practically the year round and, as is well known, produce great masses of large, beautiful flowers. The seed should be sowed in August, although they may be sowed as late as September in the Middle and Lower South, and may be sowed in early spring, but late summer or early fall sowing is best.

Another fine little flowering plant used for bedding purposes or planting among rockeries or other out-of-the-way spots is the lobelia. It blooms over a long season and is a quite desirable little flower.

For borders or permanent beds the perennial larkspur is one of the very best flowers. It is better fitted for beds and borders than anywhere else.

The perennial poppy should not be overlooked. It produces very gorgeous flowers, comparing with tulips in this respect.

The Sweet William is an old standby and should by all means be included in the list. It usually grows from 15 to 20 inches in height and produces flowers of various colors and blooms a long while. By sowing in the fall, blooms may be had the following season.

The Progressive Farmer.

W. T. Almond of Purdon was here Saturday afternoon.

## MUCHLY MARRIED MINISTER ILL IN CHARLOTTE JAIL

By Associated Press.  
Charlotte, N. C., Oct. 1.—The Rev. Willie T. Jordan, brought here yesterday from Grand Rapids, Mich., to face a charge of bigamy, collapsed in the county jail today.

The collapse occurred when he received a letter from Mrs. V. V. Jordan, of Winding Gulf, W. Va., who he says is his only "true wife," saying she was coming here to defend him when he is placed on trial, probably next week.

Jim J. Jamieson, attorney and former minister, representing the Rev. Jordan, today retained Dr. J. E. S. Davidson, mental expert, to examine Jordan.

Jordan is held in \$10,000 bond but up to today no effort had been made to free him and it was said that none would be made until a preliminary hearing.

The letter the minister received today from his wife in West Virginia, expressed confidence in him and asserted that "the horrible lies that the newspapers have told" are most unjust.

"I will never forsake you," said the letter.

"I did not know where you were until they told me they were taking you to Charlotte, N. C., on a bigamy charge, and that you had several other wives, one at Akron, one at Roanoke, Va., one at Herndon, W. Va., and one at Winding Gulf, W. Va., and you know that I am the one woman that they have made so many of."

## E. W. ELLIS RETURNS FROM TRIP POINTS IN EAST AND NORTH

Earl W. Ellis, president of E. W. Ellis & Company, local Chevrolet dealers, returned Friday from Detroit and other points in the East and North. Mr. Ellis joined a party of 100 Texas Chevrolet dealers in St. Louis and a special train carried them to Detroit, Flint, Chicago and Milford, Mich., the last named place the proving grounds of the General Motors Company. The party also visited Canada.

Mr. Ellis reports a profitable trip and stated all the dealers were very optimistic over the general business outlook. Many places of interest were visited and executives of the company addressed the dealers. "General business indications are unusually good," Mr. Ellis stated, "and the Chevrolet dealers are preparing to handle more cars than ever before."

## COURTHOUSE NEWS

**District Court.**  
A temporary injunction was granted by Hawkins Scarborough, district judge, in the case of J. B. Miller vs. H. C. Sloan, et al. Injunction, restraining and enjoining the defendants from disposing or selling two notes for \$2,500 each, payable 90 days, alleged to have been procured from the plaintiff's fund for the purchase of 50 shares of the Amarillo Panhandle Developing Corporation. The petition alleged the notes were executed in Corsicana Sept. 27.

## CORSICANA MAN IN ST. LOUIS AT TIME TORNADO HIT CITY

Property loss in the St. Louis tornado Thursday will run more than \$75,000,000, according to Clyde Foster, manager of the Corsicana branch of the J. C. Penny stores.

Mr. Foster left Corsicana last Saturday to attend the fall buyers' convention of the J. C. Penny Stores for this section of the country and was in St. Louis the day of the storm.

A group of the buyers had just entered the lobby of their hotel when someone called and announced that a cyclone was coming, and the storm struck about the same time. According to Mr. Foster communication and transportation to all parts of St. Louis was paralyzed for several hours. All regularly licensed cabs and service cars were pressed into service for relief work. All policemen and the militia were on duty within a short time after the blast.

Central High School, a hospital, and St. Ann's Park were badly damaged. At the ball park about half of the great steel and concrete structure was flattened out onto the diamond by the force of the storm. The destruction of the hospital and school was responsible for a large part of the death list.

The storm was followed by a hard wind and heavy rain for several hours after the tornado had passed. Little damage was done to rail service, and Mr. Foster was able to return home Thursday night without delay.

This was the second time this year that Mr. Foster has encountered disaster in a buying trip. The Mississippi flood held him up in Kansas City for some time in the spring.

## SEVERAL HOUSES FLOODED AS RESULT CONTINUOUS RAINS

By Associated Press.  
San Antonio, Texas, Oct. 1.—Heavy rains, continuing at 10 o'clock this morning, when the flood had been four inches, made streets in lower sections of the city still streams and in a few cases put water into buildings.

Basements were flooded in many places and traffic halted in places. Mrs. Henry Griffin, wife of a fireman, and her mother, were removed from a house on Pecan street, in a boat and several homes on Main street had water knee deep in them. Wood block paving was washed out at some points.

The rain was reported heavy as far as Brady, Sweetwater, Sonora and Rankin.

**Rain at Abilene.**

By Associated Press.  
Abilene, Texas, Oct. 1.—A slow, steady rain has been falling here throughout the forenoon, promising a mud battle when the North Texas State Teachers College Eagles and the Simmons University clash on the gridiron this afternoon.

## GASOLINE BLAST RESULTS IN DEATH OF LITTLE CHILD

By Associated Press.  
Texas, Oct. 1.—The death of a four-year-old child and critical injuries to the father, T. B. Martin, and a fourteen year old brother, and injuries to four other members of the Martin family resulted late Friday from the explosion of a gasoline stove in the family's two-room home near Margaret, seven miles northeast of Crowell.

Mr. Martin and the fourteen year old son may die as a result of the burns which they received in an effort to rescue the small child. Nine members of the Martin family were crowded about the stove when it exploded about 8 p. m., and only two escaped uninjured.

## TWO GIRLS KILLED AS FAST TRAIN HITS AUTO AT CROSSING

By Associated Press.  
Van Buren, Ark., Oct. 1.—Miss Velma Matlock, 19, and Miss Wilda Bowlin, 18, of Van Buren, were killed instantly Friday night when an automobile driven by Miss Matlock was struck by southbound Frisco passenger train number five at a crossing in Van Buren. The fast train, known as the Cannon ball, was several hours late.

The body of Miss Bowlin was found more than 150 feet from the crossing where it had been carried by the train. Miss Matlock's body was found in the car, which was demolished.

The girls, graduates of Van Buren high school last May, had attended a football game here and were driving to the home of a girl friend.

J. G. Tanner of Editor and Publisher of New York City was a visitor to the city today on business.

Miss Letha Grantham is visiting her brothers in Teague for the week-end.

Read the Sun—get all the news.

## FLOGGINGS, DEATHS AND KIDNAPPINGS TO START RETRIBUTION

By Associated Press.  
Birmingham, Ala., Oct. 1.—A "Reign of Terror" involving ninety-three cases of floggings, kidnappings and deaths has grieved Alabama authorities into an exhaustive investigation with a promise of speedy retribution for the persons responsible.

Attorney General Charlie C. McCall in a statement to the Age Herald declared that twenty of the cases in Crenshaw county alone, involve more than 150 persons. In 90 per cent of the cases, he declared, the mask and the hood was employed.

"I am not a fanatic on the question," Mr. McCall announced, "and I do not seek to exaggerate the situation but it was, virtually a reign of terror."

"I find that immediately after these crimes are committed, these responsible get together and frame up falsehoods and false alibis."

"But I want to assure the public and those guilty parties that they will not get by with it. I am going to get them with good grand jurors and good trial judges. I am confident I can get indictments and convictions in 90 per cent of the cases."

A number of the floggers have been identified and their cases will be presented as soon as a grand jury can be convened.

Many of the victims involved have been intimidated refusing to testify as to their injuries, Mr. McCall declared.

By Associated Press.  
Birmingham, Ala., Oct. 1.—Elaborating on the statement of Attorney General McCall of Alabama who told the Birmingham Age-Herald in a telephone call from Inverne, Ala., last night that several deaths have resulted from floggings and kidnappings in Crenshaw county, solicitor Cull Walker today told the Birmingham News that the firebrand has been alternated with the lash by masked whipping parties.

"Burning of humans apparently has proved a diversion for the masked floggers," Mr. Walker said. He reviewed the case of L. H. Gibson, a farmer living near Laverne.

Gibson "called down" the masked assailants of a negro who worked on his farm, the Crenshaw county prosecutor told the News. On the following night his barn was destroyed by fire with a loss of more than \$5,000.

"A reign of terror," exists in Crenshaw county where several deaths have resulted from more than twenty floggings and kidnappings, Attorney General McCall last night told the Age-Herald.

**KERENS.**  
Special to the Sun.

Kerens, Texas, Sept. 30.—W. A. Smith was in Dallas Tuesday on business, and while there had the good fortune of seeing Col. Chas. A. Lindbergh who was visiting Dallas on that day.

Mr. and Mrs. D. B. Clark of Beaumont were here the latter part of last week visiting the former's niece, Mrs. Ford Ivey.

## SPECIAL DAYS AT ELLIS COUNTY FAIR GATES OPEN MONDAY

THURSDAY, OCTOBER 6TH  
IS SET ASIDE AS CORSI-  
CANA DAY AT FAIR

Special to the Sun.

Each year the requests for special days increases, and the towns and communities surrounding the fair on days designated in their honor. Large caravans from neighboring communities help swell the attendance, and these good will visitors invariably carry away a kinder feeling for Ellis County and the Ellis County Fair.

Entertainment and program committees appointed by the executive committee assist in the entertainment of visitors on special days, with extra courtesies being extended to the honor guests.

The following is a list of special days already designated, with changes and additional days to be designated as requests are made for them.

**Monday, October 3rd**  
Official opening of Fair, 1 p. m.  
Press Day (Club Members Day).  
Annual Press Banquet.  
All exhibit buildings open.  
Loos shows on midway.  
\$100 in gold given away at 4 p. m.

**Tuesday, October 4th**  
Ellis Day, Southern Pacific Day, Dallas Day, Lions Day, Clubs Day, Bandwell Day, Homecoming (for citizens of Ellis County).  
All exhibit buildings open.  
Loos shows on midway.

**Wednesday, October 5th**  
American Legion Day, Kerens Day, Maypearl Day, Midlothian Day, Manufacturers' Day.  
All exhibit buildings open.  
Loos shows on midway.

**Thursday, October 6th**  
Ferris Day, Shriners' Day, Farmer Day, Corsicana Day, Texas Military College Day, Terrell Day, Kaufman Day, Limestone County Day.  
All exhibit buildings open.  
Loos shows on midway.

**Friday, October 7th**  
School Children's Day, Waxahatchie Day, Trinity University Day, Day Day, Milford Day, Reheka Day, Oak Fellows Day, Milford College Day.  
All exhibit buildings open.  
Loos shows on midway.

**Saturday, October 8th**  
Boy Scout Day, Farmers' Day.  
All exhibit buildings open.  
Loos shows on midway.

## New Insurance Agency Formed

It has been announced that the insurance firm of Holmes and Penland has been formed and that life insurance will be written by the new firm. It is composed of Mrs. Helen Hardy Holmes and Mrs. W. H. Penland, and will have offices over the Penland Drug Company store agency for the Amicable Life of Waco has been secured, it was stated.

EXCLUSIVE DESIGNS in Imported Etched Christmas Cards. No duplicates sold. Shown by appointment only.—City Book Store.

## SPECIAL MEETING LOCAL UDC CHAPTER TUESDAY AFTERNOON

CERTIFICATES AND CROSSES  
TO BE AWARDED—PUBLIC  
INVITED

A special meeting of the local chapter of the United Daughters of the Confederacy for the purpose of awarding crosses and certificates to World War veterans of Confederate descent will be held Tuesday afternoon at 5 o'clock in the educational building of the First Methodist church.

An interesting program has been arranged and the general public is cordially invited and expected to attend. All Confederate veterans are also urged to be present.

The following program will be presented:  
Prayer—Rev. Farnell, Chaplin.  
Address—Admiral Simms, Mrs. C. D. Speed.  
Song—"When You and I Were Young Maggie"—Roy Leeds.  
Address—Hon. J. H. Woods.  
Song—"Just Before the Battle, Mother"—Horace Douglas.  
Presenting Service—Crosses—Mrs. George T. Jester.  
Presenting Certificates—Mrs. Hal Peck.

Benediction—Dr. F. P. Oliver.  
Crosses will be awarded to Capt. Beauford Jester and Lt. Ben Blackman. Certificates will be awarded to Lt. Harry Benson, Corporal Pickett and Lynne Worthington. The last three have already received crosses.

## Returns Corsicana To Make His Home

E. D. (Ed) Roach, who has been employed at the Osage City Garage for the past several months as night man, has resigned his position, and has answered the "call of the south" and left Tuesday noon for Corsicana, Texas, where he will spend the winter with home folks and where he expects to finish his apprenticeship in the auto mechanical trade.

E. E. came to Osage City early in the spring to visit his brother, Howard Roach and family, and secured the position at the Osage City Garage, where he began learning the automobile business. He is a conscientious worker, steady, reliable and honest, and was a very helpful employee and held the high esteem of his employer and associates. While here he has made many friends about town who, with his relatives, will regret his departure.—Osage City (Kan.) Free Press.

## CORRESPONDENCE ON TARIFF BETWEEN U. S. AND FRANCE GIVEN OUT

By Associated Press.  
Paris, Oct. 3.—France and the United States appear deadlocked in their negotiations for settlement of the pending tariff controversy.

Publication today of aide-memoires exchanged recently indicate that France continues to demand assurances of reciprocity in the negotiations, while Washington, in its aide-memoire, delivered at the Quai d'Orsay last week, insists upon most favored nation treatment.

France, in her latest aide-memoire, again presents the principle of reciprocity in the negotiation of customs treaties. She does not complain of being discriminated against by the United States, but does contend that she suffers at the same time with other States from a restrictive regime which because of the character of her production, affects her more than the others.

The latest French aide-memoire September 30, was made public at the same time as the French aide-memoire dated September 15, and the American reply.

**Rejects 1921 Figures.**  
It rejects the figures of the 1921 export trade as a proper basis of comparison because France was then suffering, it declares from devastation and was incapable of exporting normally. These 1921 figures were used in the American memorandum as the basis of a comparison showing that France was exporting more now than she was then.

The September 30 aide-memoire says that if French exports had not suffered regrettable restrictions since 1913 by the high rates of the Fordney tariff and by the manner in which these rates were applied, the export figures of \$136,000,000 in 1913 should have risen to \$200,000,000 in 1926 instead of the \$152,000,000 that was reached.

The document says further that France already has shown a disposition to modify her rates recently increased to the detriment of part of American exports and is disposed to consider other modifications if the American government does not refuse to examine the frame-work of its own legislation by "the just complaints of French exporters."

**Reciprocity is Basic.**

The essence of the first French memorandum made public today is that France is willing to negotiate with the United States on the basis of reciprocity. This text, published in the Washington government would agree to that as the basis of negotiations. France would reduce her rates of August 30 fifty per cent.

To this the American government replied with the statement that while the tariff rates imposed for political, the United States considers that protests are justified when French rates are not applied equally to American exports. This insistence upon equality is the basis of the entire American memorandum which recalls that the rates of the French general and minimum tariffs were provided with a view of negotiating treaties of commerce with a sufficient margin to furnish compensation for the advantages wanted.

The American tariff involves no such margins for bargaining, the American reply says. The absence of discrimination, it declares, is the fundamental principle of friendly commercial relations. The American tariff laws, it adds, admit of no discrimination between the products of different countries, while commercial discrimination against the United States practically has ceased the world over. France being the only country at the present time which seriously discriminates against American products.

## TRAIN SERVICE IS CRIPPLED AND CROP DAMAGE VERY HEAVY

By Associated Press.  
Dallas, Oct. 3.—Fair weather today followed week end storms in Texas which caused at least three deaths, disarranged railroad traffic in some places and did untold damage to crops. Included in the damage were several blown down buildings in various parts of North and Northeast Texas.

Willie Littlefield, 18, was drowned in the Colorado river near Balminger, and Charles Gocher of Holland met a similar death in Little River, near Temple.

Walter McIlheny, fireman on Southern Pacific passenger train No. 18, was killed when the train went into a washout south of Mexia. No passengers were hurt.

Reports today indicated streams in most parts of the State at a standstill or receding.

By Associated Press.  
Kansas City, Oct. 3.—The flood menace in Southeastern Kansas continued to grow today as record volumes of water poured down streams.

With train service crippled and highways blocked, water continued to spread out over the lowlands, causing heavy damage to crops and livestock and forcing residents to leave homes in boats.

The Verdigris river, fed by the Verdigris Fall and Elk rivers, was 18 inches above the record established last June at Benedict, 45 miles northwest of Coffeyville, and was threatening a serious flood at Independence and Coffeyville.

At Independence the Verdigris

## Sunshine Aiding Tornado Victims

By Associated Press.  
St. Louis, Oct. 3.—Sunshine, the first in four days, and the promise of speedy insurance payments today brightened the outlook for St. Louisans whose homes were damaged or destroyed by Thursday's tornado.

The death list was increased to 55 with the death of William Francis Roche, 64.

The police list of persons reported missing was reduced to three today. Those unaccounted for were William McCauley, 21; August Kahn, 50; and Errol Thielecke, 26.

Approximately 200 injured remained in hospitals. Several were reported in a critical condition. Comparative absence of sightseers from the devastated district helped the work of removing survivors to new homes. This work was hampered yesterday both by rain and swarms of persons who entered the tornado zone.

The number of families affected by the storm is now estimated by the Red Cross at 3,300, of which somewhat less than one-third will require new homes.

## THREE COMPANIES MEXICAN REGULARS REPORTED IN REVOLT

By Associated Press.  
Mexico City, Oct. 3.—Mexico City was perfectly calm and tranquil this morning with no outward evidences shown of last night's revolutionary movement covering about 500 soldiers of the city garrison who marched out of the city for an undetermined destination, in mutiny.

The authorities who have from 10,000 to 15,000 troops on duty in and around the city, believe that the revolt, which is thought to be an outcome of the presidential campaign, will be promptly dealt with, and profess complete confidence that the government controls the situation.

Mexico City, Oct. 3.—Three companies of the Mexican City garrison have revolted.

They left the city late last night, taking the field against the Government. It is thought they are supporting the movement against the re-election of former President Obregon, led by General Serrano and Gomez, whose whereabouts have not been known since Saturday.

General Jose Alvarez, chief of the presidential staff, declared this morning that the soldiers had been deceived by their chiefs. Apparently all the members of the garrison started to go out but, when the majority of the men learned they were being led into a revolt, they abandoned their chiefs and returned to barracks.

Those who left the city did not exceed 500, he added.

Their destination upon leaving the capital was unknown.

Although agitation has been reported among the troops at several points in Mexico, General Alvarez asserted that reports received by the presidential bureau indicated that quiet prevailed everywhere.

Although there have been numerous clashes between government forces and rebels in recent weeks, these have been ascribed by Mexican military communiques to "fanatics," aroused by the government's religious regulations.

The application of the law by the government has involved the revolt of troops as in the present instance.

General Arnulfo Gomez and General Francisco Serrano, mentioned as missing from the capital, are both presidential candidates. Each has announced himself against the constitutional amendment recently adopted by the Mexican Congress which permits a president again to run for re-election after an intervening term has been served by another man.

This amendment was generally accepted as framed to cover the case of General Obregon, who is a candidate again for the presidency which he held before the election of the present chief executive, Plutarco Elias Calles.

Generals Gomez and Serrano were quoted recently as declaring they had no intention of combining forces in the fight against Obregon's return.

**ORDER ISSUED FOR  
ELECTION FOR ROAD  
BONDS PURDON AREA**

An election in Road District No. 2, Navarro county, embracing the territory adjacent to and in the vicinity of Purdon, joining Consolidated Road District No. 1 on the eastern portion of Road District No. 2, the west side of Consolidated Road District No. 1, and extending westward to Richmond creek, about three and one-half miles east of Dawson, was ordered to be held Monday, Nov. 7, by the Navarro county commissioners' court Monday morning at 10 o'clock. A hearing was conducted by the commissioners' court and a number of resident and non-resident taxpayers and property owners testified at the proposed bond issue for \$135,000 for the construction of good roads in the district would benefit the property in the district. L. A. Almond, who resides about three miles north of

## FIREMAN KILLED IN WRECK ON S. P. NEAR MEXIA EARLY SUNDAY

Mexia, Texas, Oct. 2.—Fireman Walter McIlheny, 37, of Ennis, was killed and Engineer Jack Carter of Dallas narrowly escaped death early Sunday when the southbound Southern Pacific passenger train No. 18 hit a washout in a cloudburst three miles south of Mexia.

The engine turned over in a stream of water. The baggage coach and mail cars left the rails, but did not turn over. Four coaches and a number of Pullman sleepers did not leave the rails and some passengers were not awakened.

Carter went under the water with his locomotive, but managed to crawl through his window, which was several feet under water.

McIlheny's body was taken from the wreckage later and sent to Ennis. He had been between the engine tender and the cab of the locomotive and his leg was cut off.

Wrecking crews are rebuilding the track, but it will be Monday before the main line can be used.

Passenger train No. 37, bound from San Antonio to Dallas, was marooned between two washouts between Thornton and Groesbeck, but other trains were detoured by way of a cut-off at Mexia.

A seven-inch rain, the heaviest in the history of Mexia, had fallen in torrents beginning with showers at 10 a. m. Saturday and continuing throughout the night.

**No Time to Jump**  
Carter said he was traveling at about thirty-five miles an hour when his train entered the cloudburst, which, he says, was the heaviest downpour he ever saw. He felt the engine give way on one side. Then, as he applied his brakes, the engine toppled. He did not have time to jump and, under the water, felt his way out of the cab, to safety.

It was the last southbound Dallas to Houston train but northbound trains had passed the cut-off junction at Calvert. All except the marooned San Antonio train were ordered to detour and were expected to pass through Mexia twelve hours later.

When the southbound fast train was wrecked, Conductor William Clark walked two miles to telephone to the Mexia dispatcher. McIlheny was making his second trip on this train. He is survived by his wife and one child in Ennis.

Reports in Corsicana Monday afternoon at 3:30 o'clock were to the effect that the wreckage had not been cleared sufficiently where the S. P. No. 18 train went into the ditch at an early hour Sunday morning to allow the regular traffic to proceed over the main line.

Purdon testified that the proposed roads would not benefit his property in his opinion. Among those testifying that they thought the proposed roads would benefit their property included Chas. Boldin, Joe Dempsey, E. L. Dupuy, H. E. Wassell, Chas. G. Jessor and several others.

All commissioners with the exception of Ruben Milligan, Precinct No. 3, were present.

The bonds of J. B. Tucker of Purdon and Alton Bradley of Rice as public weighers in their respective precincts were approved by the court.

The applications of E. F. (Mose) Wells, tax assessor, for two deputies, and George W. Boyd, tax collector, for one deputy, were granted.

The application of McClendon and Purcell, county engineers, for the employment of D. L. Hook as office engineer at a salary of \$250 per month was presented but no action was taken at the morning session.

The purchase of outstanding bonds in the sum of \$7,000 of Road District No. 1 by Navarro county at 99 per cent and accrued interest, was ratified.

The bonds of the proposed issue in Road District No. 2 will bear not more than 5 per cent and the election will be held at the tabernacle at Purdon. There will be only one voting place in the district for this election. H. C. Russell will be presiding judge; J. B. Adkins, judge, and Joe Dempsey and T. L. Ellis, clerks, of the election.

The tax roll for this year was presented by Tax Assessor E. F. (Mose) Wells and totaled \$40,143.347. The commissioners will act on the roll shortly. This is slightly more than \$7,000,000 decrease as compared with the taxable valuations of Navarro county last year.

Mr. Van Zandt, engineer, appeared before the court with reference to the situation at the power house which furnishes the heat for the county jail and court house. The court is contemplating the purchase of a new boiler for the power house but Mr. Van Zandt suggested that the present boiler at the plant could be utilized for about fifteen years as a low pressure boiler. The present system of heating is from a high pressure boiler. He suggested the retreating and overhauling of the plant into a low pressure state and the installation of an electric pump. He also suggested a new smoke stack and automatic fuel. His opinion was that the converting of the present plant could be effected for approximately \$3,000 or \$4,000. He stated that a considerable saving could be effected in fuel as well as improving the heating of the buildings. No action was taken at the morning session on these proposals. He was accompanied by C. A. Mullins, local plumbing contractor.

The court adjourned to resume the session at 2 o'clock.

## Court House Items of Interest From Tem- ple of Justice.

From Monday's Daily:  
District Court.

The following have been summoned as petit jurors for the second week of the October term of the Thirtieth Judicial District Court for the week beginning Monday, Oct. 10:

M. R. Albritton, Powell, Elvde, Brunner, Rural Shade; J. W. Wright, Corsicana; W. E. Coleman, Navarro; W. A. Cavender, Phillips Chapel; B. C. Compton, Drane; H. D. Butler, Pursley; J. V. Bailey, El Dorado; E. V. Anderson, Kerens; W. D. Arnett, Kerens; A. J. Boring, Corsicana; J. M. Carroll, Corsicana; C. R. Hall, Corsicana; D. P. Bell, Rice; J. W. Bulley, Frost; J. M. Fry, Frost; Clyde Garner, El Dorado; S. L. Mann, Pursley; R. J. Price, Currie; W. P. Brister, Dresden; T. G. Allen, Mildred; J. C. Allen, Corsicana; M. Parrish, Embouse; R. C. Floyd, Kerens; E. A. Dunkin, Kerens; G. L. DeMoss, Kerens; W. J. Woodard, Rural Shade; F. R. Wilson, Frost; J. Minor Beene, Frost; E. B. Walker, Rice; J. M. Beckham, Corsicana; A. S. Thompson, Corsicana; L. W. Armstrong, Bary; A. S. Barton, Blooming Grove; W. A. Crawford, Blooming Grove; H. G. Search, Corsicana 2.

**District Clerk's Office.**  
The following cases were filed:  
Etta Mae Hendricks vs. Frank Hendricks, divorce.

Dee Johnson vs. Leemthly Johnson, divorce.

Mrs. E. S. Donaho vs. Rural Shade Independent School District No. 14, to contest election. The petition alleges that a change was effected in the time prescribed for the election in the notices and that sufficient notice under the law was not given; also alleging that the trustees aided in the holding of the election for \$1 on the \$100 valuation for school purposes.

Aggie Carter vs. Alford Carter, divorce.

**Sheriff's Office.**  
A Chevrolet Coupe was reported stolen from Wortham and a Chevrolet Coach was reported out of Tyler Saturday.

W. H. Thomas, said to be a negro preacher, was arrested by Deputy Sheriff Clyde Wilkes Monday morning on complaint for alleged swindling with a worthless check. He was lodged in the county jail.

**Warranty Deeds.**  
E. W. Campbell, et al. to J. N. Wheelock, part of Block 520, Corsicana, \$7,200.

J. N. Wheelock, et al. to Mrs. Louis Clopton Simpson, part of Block 520, Corsicana, \$5,500.

Mrs. Louis Clopton Simpson, et al. to J. N. Wheelock, Lots 12 and 13, Block 567, Corsicana, \$1,500.

C. A. Gordon to D. W. Winsey, 1.2 interest in 9.39 acres of the John E. Nite survey 177.

**Trustee's Deed.**  
W. F. Sims, et al. by P. D. Williams, substitute trustee to C. A. Gordon, 95.29 acres of the John E. Nite survey, \$40.

**Administrator's Deed.**  
C. P. Ray, administrator, to B. B. Aunsey, 1.2 interest in 140 acres of the J. C. Neill survey, \$500 and other considerations.

**Royalty Deed.**  
Navarro Royalty Company, Inc. to Genevieve Gaddis, 1-1521th interest in 29 acres of the heirs of Jas. Smith survey, \$10.

**Marriage Licenses.**  
Louis Stallings and Jessie Alma Glasgow.

Roland Monroe Hudnell and Minnie Persons Witherspoon.

E. B. Russell and Maude Mae Haynes.

Clarence Harris and Annie Story.

**Justice Court.**  
Judge W. W. Clopton fined one person on a charge of drunkenness during the week-end.

## FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change.

Wiggins, Miss.—Mr. A. L. Cone, a well known Wiggins resident, says: "I have used Thedford's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change."

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay. Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive out the poisons so as to leave the organs in a state of healthy activity. Sold everywhere, 25c. NC-179

**Thedford's  
BLACK-DRAUGHT**  
Purely Vegetable

Mrs. W. A. Hugg is doing nicely following an operation at the Navarro County Hospital Friday.

## LITTLE RIVER IS SUBSIDING AFTER GREATEST RAMPAGE

By Associated Press.  
Temple, Texas, Oct. 3.—Waters in Little River were receding today after one of the most disastrous floods in the history of its overflows.

Following heavy rains in Bell and adjoining counties Saturday night, flood waters swept over the lowlands along the course of Little River, inundating some 75,000 acres and laying waste to corn and cotton crops. According to George Wohleb, Federal crop statistician in Bell county, the property loss will run to between \$100,000 and \$200,000.

The body of Charlie Gocher, 22, of Holland, who was swept under by a swift current while trying to wade across the approaches to a bridge on the Temple-Taylor highway yesterday had not been found today.

Rescue workers later in the day found the body of Charles Gocher about a quarter of a mile below the bridge on the Taylor-Temple road.

**Fail Find Body of Youth.**  
By Associated Press.  
Ballinger, Texas, Oct. 3.—Search parties have failed to find the body of Willie Littlefield, 18, who was drowned late Saturday in the Colorado river, 20 miles south of here when he rode a horse into an 8-foot rise in the river.

## WIDE AREA WRECKED IN FEW MINUTES AS WIND SWEEPS CITY

By Associated Press.  
St. Louis, Sept. 30.—The mounting death list in yesterday's devastating tornado here reached eighty-four today, when additional bodies were found and injured died. The body of a third girl was found in the ruins of the Central high school, and it was feared two others were buried there.

All but four of the dead were identified.

With eighteen persons reported missing, many injured in a critical condition and portions of the devastated area unsearched for bodies, the Post-Dispatch estimated the total dead might reach 140. The number killed in the city's disastrous tornado of 1896.

Estimates of the property damage remained between \$10,000,000 and \$100,000,000.

Hundreds of families left without a roof, or with sections of their homes laid open by storm, slept last night in the National Guard Armory, and other improvised quarters, and were fed today from field kitchens, placed in service by Red Cross disaster relief forces.

Millitamen of the 138th Infantry, St. Louis National Guard regiment, today patrolled the streets west of Grand Boulevard, directing motorists through the mass of fallen trees, shattered roofs and broken glass. All of the city's policemen, called out when the storm broke at 1 p. m. yesterday, remained on duty today, regardless of their regular hours.

## HENDERSON COUNTY VOTES GOOD ROADS BONDS \$1,450,000

Athens, Texas, Oct. 3.—With slippery roads for election day, Henderson County virtually lifted itself out of the mud when voters went to the polls and carried a \$1,450,000 road bond election by a majority of nearly seven to one. The vote, with three small boxes missing, stood 2,616 for the bonds and only 344 against.

Through the voting of this bond issue a big gap in the paved highway leading from Dallas to several important points will be filled. When completed there will be a continuous paved highway from Dallas via Athens to both Palestine and Tyler that will add another link of paving in the shortest route from Dallas to Houston.

Outstanding bonds to the amount of \$450,000 will be taken up, leaving \$1,000,000 for construction. This money is to be matched by \$2,000,000 from the State and Federal Government or enough money to pave three cardinal highways entirely across the county.

## Schlee and Brock Leave Dallas Early

By Associated Press.  
Dallas, Oct. 3.—Edward F. Schlee and William S. Brock, in the "Pride of Detroit" hopped off from Love Field for St. Louis about 11:15 o'clock this morning. Another plane with Marion Sterling and G. A. Burns accompanied them.

St. Louis, Oct. 3.—The Pride of Detroit monoplane, in which Edward F. Schlee and William Brock flew from Detroit to Japan, arrived at Lambert-St. Louis Field at 12:30 p. m. today from Dallas.

**Sick and Convalescent.**  
J. H. Thurston, who resides on West Sixth avenue and who was severely burned in a gasoline explosion in Mexia three weeks ago, still quite sick, but showing some improvement.

Robert Childress had his tonsils removed at the Corsicana Hospital and Clinic Monday.

## CIVIL DOCKET FOR THIRD-FOURTH WEEK OF DISTRICT COURT

The following is the setting of the third and fourth weeks of the October term of the Thirtieth Judicial District Court.

**THIRD WEEK**  
Monday, October 17th, 1927.  
No. 15081—R. H. Dearing et al. vs. W. M. Wilson, et al.

No. 15154—First State Bank of Richmond vs. A. L. Hill.

No. 15218—C. H. Hines vs. Luther Henry, et al.

No. 15221—W. O. Bounds vs. Pure Oil Co.

No. 15222—Mrs. Mary Cunningham vs. Dixie Oil Co.

No. 15233—C. E. Upchurch vs. F. D. Warren, et al.

No. 15252—Ed. M. Polk, Trustee, vs. Mrs. Jessie E. Allen, et al.

No. 15255—United Credit Co. vs. W. L. Ashwood, et al.

No. 15258—Brenner & Brody Shoe Co. vs. The Big Four Shoe Store Co.

**Wednesday, October 19th, 1927.**  
No. 15257—Mrs. Melanie Levi vs. Sam Engleberg, et al.

No. 15260—Navarro County Levee District No. 8 vs. W. T. Griffin, et al.

No. 15261—J. R. Grass by Next Friend vs. J. H. Grant.

No. 15264—S. M. Kerr vs. Mrs. Minnie E. Berry, et al.

No. 15274—E. B. De Jarnett vs. Humble Oil & Refining Co. et al.

No. 15280—C. C. Clements vs. F. P. McElvath, et al.

No. 15292—G. C. Kent vs. Rose City Petroleum Corp., et al.

No. 15296—G. A. Gayce vs. A. H. Wicker, et al.

**Friday, October 21st, 1927.**  
No. 15293—Petroleum Casualty Co. vs. S. H. Green.

No. 15294—William Young vs. The Abilene State Bank, Garnishee, et al.

No. 15294—Dacey Haley, et al. vs. Jeff D. Jones, et al.

No. 15319—Citizens State Bank of Frost vs. J. F. Harrington, et al.

No. 15320—First State Bank of Frost vs. G. W. McClure, et al.

No. 15321—First State Bank of Corsicana vs. D. O. Richards, et al.

No. 15332—Martin Wagon Co. vs. S. E. Anderson, et al.

**FOURTH WEEK**  
Monday, October 24, 1927.  
No. 15271—Odie Burke, et al. vs. Contestants vs. Mrs. Martha Burke Brown, Propoundent.

No. 15333—Doyle Dunn Nash, by Next Friend & Guardian vs. J. W. Cashdollar, et al.

No. 15344—Alex Freedman vs. City of Corsicana, et al.

No. 15336—Mrs. Joy Black, et al. vs. City of Corsicana, et al.

No. 15341—J. A. Keith, et al. vs. E. L. Wilson, et al.

No. 15342—Mrs. O. V. Womack, et al. vs. City of Corsicana, et al.

No. 15343—L. T. Davis vs. City of Corsicana, et al.

No. 15345—Sandy Carmichael vs. Jane Carmichael.

No. 15348—J. Goldman vs. P. H. Brister.

**Wednesday, October 26th, 1927.**  
No. 15351—John A. Hulien, Receiver for T. & B. V. R. Co. vs. A. L. Leman.

No. 15352—Mrs. Alberta Zarafonitis, et al. vs. Central State Bank.

No. 15355—T. F. Scoggins, et al. vs. May Scoggins.

No. 15356—Mrs. Audie Lee McElvath vs. F. P. McElvath.

No. 15357—Central State Bank, Corsicana vs. John G. Zarafonitis, et al.

No. 15362—Fidelity Union Casualty Co. vs. Lester Adkins.

## TEXAS POWER AND LIGHT COMPANY NOW HAVE BRANCH HERE

BETTER SERVICE FOR THEIR CUSTOMERS IN NAVARRO COUNTY

In order to better serve the more than one thousand customers in thirteen towns in Navarro county served by the Texas Power and Light Company, the Company is establishing an office in Corsicana where any business transactions between the customers and the company can be handled with greater efficiency. Ted B. Ferguson, formerly assistant manager of the Ennis district, has been made District Manager, in charge of the business in this section. This announcement was made by John W. Carpenter, President and General Manager of the Company.

Towns to be served through the local office are Angus, Barry, Corbet, Currie, Cryer Creek, Emhouse, Kerens, Mildred, Navarro, Pickett, Puddin, Richland and Streetman. The Company has sent the following letter to customers in the above towns:

"In order that we may serve you more promptly and satisfactorily and to make it more convenient for you to transact business with us, we have opened an office in Corsicana at 213 North Main Street, which will be in charge of Ted B. Ferguson, as manager.

"All of our business with you will be handled out of this office instead of Ennis as heretofore and you can inspect there and purchase, if you desire, all the modern electrical devices and appliances for use in the home and shop."

Service to several of the above towns has been recently established by the Texas Power and Light Company, bringing to them the same high class power and light facilities which the larger towns in Texas enjoy. These towns are connected to the main central transmission system of the Company. Resources of this big power system was augmented last year by the huge Trinidad generating stations, located on the banks of the Trinity river in Henderson county. This plant burns Texas lignite under boilers, then utilizing one of the native fuels.

## STORM HITS ENNIS; SEVERAL NEGROES INJURED AS RESULT

FIVE INCH RAIN ACCOMPANIED BY WIND AND ELECTRICAL DISPLAY

Ennis, Texas, Oct. 3.—The worst storm in years struck Ennis Saturday night, accompanied by a heavy electrical display and a five-inch rain.

Ten or twelve negro houses were wrecked, some of them being torn to splinters, while others were blown from their foundations and badly twisted. Several homes of white people were damaged, having windows torn out, chimneys blown down and trees, shrubbery and fences badly wrecked. Several negroes were injured, one being Ephraim Johnson, who was badly burned by a stove when his house was blown down. He was taken to the municipal hospital and physicians say his injuries are severe but will not be fatal.

Lightning struck and set fire to a barn of W. F. Templeton in the Third Ward. A bolt played along a light wire from one building to another on his premises, but the fire department saved all but the barn. His loss was \$500. Reports of slight damage all over town are coming in, but the worst was in the southwest part of the city and near the negro section, and near the hospital. The rain fell in torrents, totaling five inches. The Southern Pacific had some washouts between Ennis and Fort Worth and the southbound Fort Worth train was nearly two hours late here.

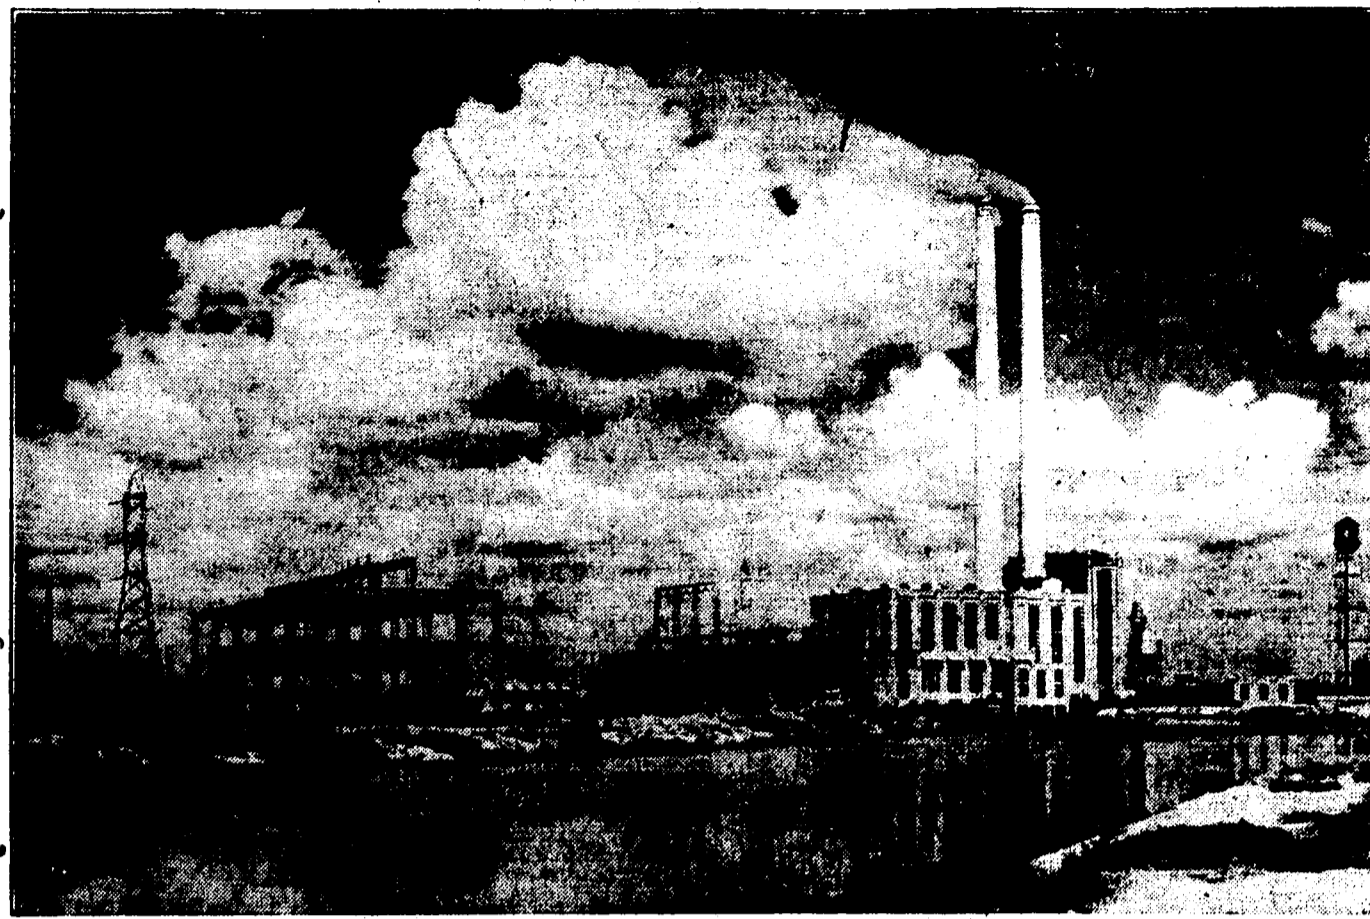

## DR. C. E. WAGNER IS CONDUCTING REVIVAL AT FIRST CHRISTIAN

"MANHOOD OF THE MASTER" SUBJECT ANNOUNCED MONDAY NIGHT

Declaring that the Christian people were, in a large measure, responsible for the unfulfilled program of Jesus Christ, Dr. Clarence E. Wagner of Bonham, who is doing the preaching at the revival meeting which is now in progress at the First Christian church, appealed to the Christians in his sermon Sunday night to arouse themselves to the work of the church for the Kingdom of God. Dr. Wagner based his remarks on Scripture found in Isaiah 42:4 and stated that his general theme was "Our Lord's Unfinished Program."

This is the second of a series of one week revival services in the three months revival being conducted by the First Christian church. Services will be held each evening at 7:30 with Dr. Wagner doing the preaching and he will be assisted by Rev. Paul J. Merrill, pastor, and other members of the church. Miss Willetta Barnes will pre-

side at the piano during the week. Song services Sunday night were conducted by Tom Sweeney. A duet was the special number on the musical program Sunday night. Special music will feature the musical programs through the week. It was announced Sunday night.

Frank Raney was awarded the Bible Sunday night, offered by Rev. A. B. Reynolds, the evangelist who conducted the first week of the revival, for the one who worked hardest in securing members for the Sunday School. The Bible is said to be the smallest edition in the world.

"The Manhood of the Master" was announced by Dr. Wagner as his subject Monday night.

Prefacing his remarks with the declaration that we were living in an age of programs, both organizations and personal, Dr. Wagner said that the church of the living God was the greatest institution on earth and that it had a well defined program copied from the program of Jesus Christ. It was at this point that Dr. Wagner declared that the Christian people were, in a large measure, responsible for the unfulfilled program of Jesus Christ.

In discussing the subject, the minister stated that Jesus had a program, a mission, and that He knew what was before He was born in Bethlehem.

The coming of Christ, the Rev. Mr. Wagner said, was based on three failures, namely, the failure of the Greeks, the failure of Rome and the failure of the Jews. All of their methods, he declared, failed to restrain from sin or renew the heart. These three failures, he added, prepared the world for the coming of Christ who came to present a workable program, which in short consists of two points, first the salvation of the individual and second, the redemption of society. The program, short though it is, is a vast one, the minister declared.

At this point the minister discussed at length the wonderful work that has been done since Christ came into the world and of the work that is yet to be done. The program of Jesus Christ is not a local one, but is world wide, the minister said in his appeal for Christians who could get the vision of the vast work to be done and to "stand hitched."

All services Sunday were well attended and much interest is being taken in the revival. It was stated Sunday that this is the first time a revival meeting had ever been held in the Christian church on this basis and that it was an original idea of Rev. Paul J. Merrill's. The idea, it was said, is being watched with interest by churches throughout the State.

KODAK BOOKS, Memory Books, Bride's Books, Diaries, Baby Books.—City Book Store.

## PROMINENT KERENS MAN PASSES AWAY; BURIAL THURSDAY

Special to the Sun: Kerens, Texas, Oct. 3.—J. P. Queen, aged 80 years, died at the family home in Kerens Wednesday afternoon after an illness of several months, due to the infirmities of advancing years.

Services were held at the family home Thursday morning, September 29th, at 10 o'clock, conducted by Revs. Joe N. Everheart and J. W. Sharbutt, pastors of the Presbyterian and Methodist churches of this city. The cortege then went to Rice where the body was laid to rest in the Rice cemetery.

Mr. Queen and family came to Kerens about twenty years ago, having purchased the Kerens hotel which they operated several years. When the hotel had been disposed of Mr. Queen spent his time looking after farm interests. In later years he gave up his business life almost in its entirety, remaining about his home as health and strength began to fail him. When at times Mr. Queen was feeling good he was a familiar figure at Mabry's hardware and other stores, where he enjoyed chatting with his many friends. From these places he will be sorely missed, and this group of friends joined by many others tender their sympathy to the bereaved family.

The deceased, aged 80 years, was a member of the Methodist church. He is survived by his wife and seven children: Mesdames Minnie Bartlett, Rice; W. G. Craywright, Crockett; Mrs. Washington Greenwell, Mrs. Craddock, Dallas; Mesdames J. J. Mabry, Marvlin Knight and T. E. Posay, Kerens, all of whom were present when death came.

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworm, Sore Blistered Feet, Sunburns, Oil Skin Sore—all of these have yielded to its wonderful healing power. 40c and 75c. Jar, Soap 25c. Manufactured by Star Products Co., Canton, Texas.

# First for Finer Flavor —No Throat Irritation —No Cough

11,105\* doctors give written opinion

"Roxy,"  
a favorite in  
Radio-land,  
writes:

"During strenuous rehearsal, with the week ended in operating the World's Largest Theatre, Roxy's nervous system is working under great pressure, there is nothing quite like a 'LUCKY STRIKE' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

WHAT is the quality that Giuseppe Danise, Adam Didar, Queena Mario, Antonio Coris, Lenore Ulric, Nanette Guilford, Wilton Lackaye, "Roxy," and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105\* doctors answered this question "YES."

These figures represent the opinion and experience of doctors, those whose business it is to know.

**"It's toasted"**  
No Throat Irritation—No Cough.

\*We hereby certify that we have examined 11,105 signed cards confirming the above statement.

## TURKEYS — TURKEYS

It won't be long now until turkey time of the year will be here. Thanksgiving is a little early this year and I would advise people owning turkeys to begin feeding the ones intended for Thanksgiving, so they will be in good shape. We think it best that you figure on selling about forty per cent of your turkeys for Thanksgiving and sixty per cent for Christmas, as this is about the proportion the markets need them. We do not look for Christmas turkeys to be as high as last year; as the price was too high and consumers refused to pay the price and a good many had to go to freezers Christmas and lost owners big money, and it is reasonable to think that they would not come back this year and pay as much as last year. So get at least a portion of your turkeys ready for Thanksgiving, would be our advice.

A. B. Walker & Son

## Bring Your Cotton To Us

We are now operating the latest improved Hardwick-Etter double-type cotton picking machine which is one of the best burr extractors on the market, takes out the burrs and trash before the cotton reaches the gin, making you a better grade of cotton, makes picked cotton out of snaps and bollies. We also have installed a double cleaning system, modern in every way, which adds more value to your cotton at all times. Give us a trial and convince yourself.

## RULES OF LEAGUE CAREFULLY WORKED NUMBER OF YEARS

(This is the fifth of a series of articles on the activities and policies of the Interscholastic League of the University of Texas and its relation to high schools of the state by Roy B. Henderson, athletic director of the Interscholastic League Bureau.)

By ROY B. HENDERSON  
Athletic Director, Interscholastic League

It is impossible for an organization of more than 4,000 schools to enforce its rules without making some enemies; without stepping on somebody's toes. Albert Hubbard once said: "In order to avoid criticism, do nothing, say nothing, be nothing." Occasionally the League is attacked with a great deal of ill feeling in quarters that have felt the hand of discipline, but, in comparison with the membership as a whole, the number is so small that one is moved to think that they must have the same attitude of mind as the mother of the recruit who, upon seeing her boy on parade, remarked: "The whole army is out of step with my Johnnie."

The League's eligibility rules have been carefully worked out over a long period of years. Each one has been inserted, not to cover some imaginary evil that might develop, but to check a non-educational practice that had sprung into life. Each rule has a definite and an important function to perform. Taken all together, they form a bulwark that stands between educational ends and those who would destroy and ruin.

From the foregoing the reader will understand why the Interscholastic League considers the enforcement of eligibility rules its most serious business and its most sacred duty. If the rules are not enforced, there is nothing left but an empty, hollow shell of no value. Rules will not long be held in respect unless violators are punished. The punishment must be tangible, recognized by all as a real penalty and it must hurt. If penalties are given and then withdrawn or reduced under pressure, or if meaningless paper-penalties are assessed, the League will lose its power as an agency for good, and will degenerate into a spineless, parasitic organization.

All of these values outlined depend upon the observance of eligibility rules. For this reason there is no date limit on protests. It has been seriously proposed by many with the best of intentions that a deadline on the filing of pro-

tests be established. It is true that a rule of this kind would simplify the running of the championship machinery, but the smooth running of the machinery is not the ultimate goal. As I have attempted to show, the goal lies in the field of education. An eligibility rule is a protection thrown around this goal. A player's eligibility varies. He may be eligible today and ineligible tomorrow. The offense of violating a rule is just as much an offense at one time as another. If eligibility rules are necessary to attain the ends that we have been talking about, and if these "ends" answer the riddle "why high school football," then there must be no closing date on protests.

**Usually Criticized**  
Each year the League's football plan for determining the State championship is criticized, usually by one who does not understand the objectives. This plan is not a sudden development, conceived and brought forth all at once. It is the result of seven years of tedious labor, of constant experimentation and of a fine degree of co-operation among the school men of Texas who believe there are manifold educational, moral and citizenship training values in properly controlled high school football.

Prior to the season of 1920 conditions in high school football in Texas were unusually chaotic. Games were not well attended; teams were miserably equipped; eligibility rules were things to be avoided, disregarded and trampled in the dust; unsportsmanlike conduct, on the part of players and communities, was common. In many cases, principals and superintendents exercised little or no supervision over the players; each season closed with a score of teams claiming the championship, and with sporting editors shouting through their columns, extolling the accomplishments and flashing the records of their favorites and basing their claims to the championship on "comparative" scores and other ridiculous grounds.

Although mindful of the difficulties, yet appreciating the fact that something should be done, the League hit upon the idea of establishing a "Bureau of High School Football Results" which was to be a sort of a clearing house of information. The League proceeded cautiously and announced that the purpose was not to decide the State championship but merely to compile the results of games reported and issue summaries from time to time.

**Schools Co-Operate**  
The response upon the part of the schools was immediate and almost unanimous. The League hit upon the idea of establishing a "Bureau of High School Football Results" which was to be a sort of a clearing house of information. The League proceeded cautiously and announced that the purpose was not to decide the State championship but merely to compile the results of games reported and issue summaries from time to time.

From the experience and confidence thus gained, it was decided to offer a more comprehensive plan for 1921, including a State championship. The original scheme was revised in 1922, and each year has seen an improvement until the 1927 plan was evolved. The scheme now in force includes recommendations made by a special committee of school men, Superintendent Emmett Brown, Cleburne; Superintendent L. T. Cook, Breckenridge; and Superintendent W. T. Lofland, Vernon.

**PREVENTS INFECTION**  
The greatest discovery in flesh healing is the marvelous Boroxone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30, 60c and \$1.20. Powder 30c and 60c. Sold by Lee Drug Company.

## TEAGUE LOOMS AS STRONGEST TEAM IN IMMEDIATE AREA

Special to the Sun.  
Mexico, Texas, Oct. 3.—Teague looms as the strongest high school football team of this district. The result of the victory 44 to 0 Saturday over Kossel at 2:30 p. m. Saturday, Teague after Kossel played Thornton a scoreless tie at Kossel Friday and Teague held Corsicana, the latter winning by only 6 to 0.

Teague's second string played Kossel in the Saturday game. Mexico Friday played Mart, a scoreless tie at Mart, and Groesbeck and Wortham deadlocked 6 to 6 at Wortham. Colledge lost to Hillsboro at the latter place 6 to 0.

## Corsicana Baseball Fan Saw Ruth Sock Couple of Home Runs

Beauford H. Jester, local baseball official and ardent fan, witnessed the recent combat between the New York Yankees and the Washington Senators in the game that Babe Ruth, Sultan of Swat, clouded his No. 58 and 59 home runs this season. Tris Speaker, product of Hubbard, well known in Corsicana, and outfielder with the Washington Senators, formerly manager of the Cleveland Indians, had Mr. Jester and his brother in a box at the Senator dugout. Walter Johnson, great veteran twirler, voiced the opinion that he is sure that the Yankees will win the World's Series, as he does not like them in a short series.

## WORTHAM BULLDOGS TIED GROESBECK IN CONTEST FRIDAY PM

Special to the Sun.  
Wortham, Texas, Oct. 3.—In a game replete with sparkling plays and featured by speed, the Wortham Bulldogs and the Groesbeck high school eleven battled to a 0-0 tie Friday on the Bulldog field. Time after time, the Bulldogs were on the verge of scoring and Groesbeck threatened twice but neither team was able to penetrate the defense of the other for a touchdown. In the matter of first downs, Wortham made nine to their opponent's three. In the fourth period a well-timed aerial attack featured by spectacular snatching of passes spectated by Wortham a touchdown, but a Wortham player was called offside on the play and the touchdown was nullified. Again in the third quarter Williams, Bulldog, center, recovered a fumble and raced forty-five yards for a touchdown behind perfect interference. This play was also called back because of offside. Both teams played smart and clean football. Wortham clearly outplayed the visitors in the last half. For Groesbeck Gay Walker was the outstanding player and for the Bulldogs Johnson, Walkup and Deering in the backfield and Brummett, pass receiver, were the outstanding players.

## NAVARRO COUNTY BOY SCOUT COUNCIL TO JOIN CIRCLE TEN

Officials of the Navarro County Boy Scout Council announce that within the next thirty days Navarro county will join with Dallas, Ellis, Henderson, Hill, Johnson, Rains, Rockwall and Van Zandt counties in the organization of Circle Ten Council, which will have supervision of the movement over these ten counties. This action, it is believed, the local men, will result in a better Scout program for the boys of the county. It will also lessen the financial burden which has been borne by local contributors.

## To Organize Foundation.

Some 1500 men of the ten counties will be asked to band themselves together in a Boy Scout foundation and by the payment of membership fees provide the necessary funds for carrying on the work. The city of Dallas in a round-up beginning Monday, expects to enroll 3000 members and the balance will come from other cities in the area.

## Letter to Help Local Round-Up.

Charles C. Miller will head the local round-up for 300 members. Forty-eight cowboys in six crews with a top-hand in charge of each crew, will conduct the round-up. A foreman will be in charge of each of the outfits of three crews each. The round-up will be staged Oct. 12.

## 450 Boys in Scouting.

During the three years' existence of the Navarro County Council 450 boys have been enrolled and have had the benefits of Scout training, according to W. A. Tarver, president of the Navarro County Council. "Scouting has proven its value to the boys of Navarro county," said Mr. Tarver, "and we are anxious to continue it in this new organization which will give us a better supervised program than was possible under the old organization."

A. E. Watts, special field executive of the Boy Scouts, who has been acting as Scout executive of Navarro county on a part-time basis for the past two months, while engaged in the development of the new ten county council, will as-

sist the local men in the round-up. Mr. Watts has charge of the round-ups in the entire area.

## Dawson Visited By Heavy Rainfall

Dawson, Texas, Sept. 30.—Rain which began early Tuesday and continued into Tuesday night, amounted to 2.24 inches. The ground was very dry and the rain fell in such a manner that it practically all soaked in. The rain was a set-back to cotton picking but will materially aid fall plowing in this vicinity.

## THOMAS J. REA, PIONEER RESIDENT OF COUNTY, IS DEAD

Thomas Jefferson Rea, aged 69 years, resident of Navarro county for 25 years, died at his home in the northwestern portion of the city Friday night at 11:20 o'clock following an illness since Monday. Funeral services will be held Sunday afternoon from the Drane Baptist Church at 2:30 o'clock and the remains will be interred in the Dresden cemetery. The services will be conducted by Rev. G. H. Vaughn, Baptist minister of Corsicana.

Surviving are his wife, Mrs. Alice Jane Rea; three daughters, Mrs. C. B. Jordan, Mrs. L. W. Keathley and Mrs. G. C. Kent; three sons, T. S. Rea, A. M. Rea and Jack Rea, all of whom reside in the Corsicana community.

# A Steady Job or — No Job?

Few employers of labor will tolerate a man who continues to neglect payment of his bills. Not only do the bill collectors annoy the employer by frequent requests for information regarding John Doe's or Richard Roes' status but the annoyance of having bill collectors among the employees is irritating and highly offensive to an employer who jealously guards his own credit.

And, moreover, the employer also knows that a man who is delinquent in meeting his obligations cannot give his best effort to his work, so sooner or later John Doe or Richard Roe are dismissed and must look for other jobs. But where?

THE GHOST OF DEBT follows them, with the result that they and their families must suffer the penalty of poverty. They become derelicts.

There is a "way out" for every honest man who has fallen behind; and that way is the honorable way; go to your creditors and make arrangements to meet your obligations in installments. You will be met more than half way. After you have done this, see that the agreed payments are met promptly. It may take a while to get back on your feet, but you'll get there. You can afford to sacrifice pleasure and unnecessary things for the while. The welfare of your family demands it. Your job depends upon it.

The merchants, tradesmen and professional men of Corsicana extend credit for your convenience. They want you to get the greatest possible benefit from it. In fairness to them, as well as a means of protection to you, they ask you to meet your payments as you agreed.

Be honest; Keep your credit record clean.

## Corsicana Retail Merchants' Association

## EVIDENCE IS HELD INSUFFICIENT WHEN JUDGE ISSUES ORDER

### PRESBYTERY U. P. CHURCH HELD MEETING CORSICANA THURSDAY

By Associated Press.  
Enid, Okla., Sept. 30.—Mary Atkinson, trained nurse, today was released from charges of poisoning Mary Jane Bailey, 18-year-old daughter of an Episcopal minister with whom she was infatuated.

David Fogelson, justice of the peace, who presided over the nurse's preliminary hearing Wednesday and yesterday said that evidence was insufficient to hold the nurse for trial in District Court. Miss Atkinson was brought from the jail where she had been confined for about three weeks to the office of Dan Mitchell, county attorney for Garfield county, by her brother, Harry Atkinson, sheet metal worker of Pawhuska, Okla., and H. G. McKeever, of her counsel and there was informed that she could not be held for trial.

Miss Atkinson smiled. She thanked the justice and departed with her brother and McKeever. Her brother said he would take his sister with him to Pawhuska at the earliest opportunity and she would live there with him until she could find employment.

The Rev. Charles Bailey, father of the dead girl, said he would prepare a statement and issue it this afternoon. He declined to comment at this time.

Miss Atkinson was arrested immediately after the death of Miss Bailey when physicians reported to the county attorney that symptoms of Miss Bailey's fatal illness were such as are produced by poisoning. Later a poison was found in her room as were love letters which she had written to Mr. Bailey. Letters written by the doctor to the nurse also were taken and placed in the hands of the county attorney.

## Cleburne Minister Held Responsible

By Associated Press.  
Enid, Okla., Sept. 30.—The Rev. Thomas Melrose of Cleburne, Texas, Episcopalian minister, was accused by Miss Mary Atkinson today of creating the suspicion that

was an alternate. Stewart's Mill was named to send the lay delegate, with Corsicana as alternate. Organization of the Stewardship Partners followed the men's banquet held at the United Presbyterian Church Thursday evening. Dr. James K. Quay of Pittsburgh, Penn., was the principal speaker. Several members of the churches at Enid and Stewart's Mill attended the meeting. About forty men were present. Special music was rendered before and after the banquet by Dickson's nine-piece orchestra, the regular orchestra of the church.

Dr. C. E. McStravick, pastor of the church, was the master of ceremonies for the evening. Following the banquet, he introduced Dr. Quay who delivered the principal address.

Dr. Quay has recently returned from a number of years spent in Egypt as a missionary, and was on the field at the same time that Douglas Decherd, Corsicana boy, was teaching in Assuit College. He is now making a tour of the churches as a special representative of the laymen's organization known as the Stewardship Partners. He has just completed a series of meetings in Kansas.

As an introduction, Dr. Quay traced the career of a young Egyptian boy who came to Assuit College about forty-five years ago. The boy was of subnormal mentality, but after years of strenuous effort he was passed through the college and went to the theological seminary at Cairo, where he was finally graduated. After refusing several charges, the new convert began his life work among the people on a large plantation on the upper part of the Nile. His charge was composed of the poorest people in the whole country, and he labored with them until he had established 13 churches, and had reached about 2,000 people at the time Dr. Quay began his work in Egypt in 1919.

And he did the greater part of the work unaided, except for those whom he trained. The speaker pointed out that this man was an outstanding example of stewardship for although he was endowed with only about a half-talent, he had accomplished much more than many with several talents. More than five-sixths of the members of the various churches are not getting the joy that they are due from their religion according to Dr. Quay because they do not realize the privileges which they enjoy in

## NAVAL PRISONERS AT TOULON PARADE INTERIOR OF PRISON

By Associated Press.  
Paris, Sept. 30.—One hundred prisoners broke from their cells and paraded the interior of the naval prison at Toulon last night singing the communist song, "International" says a dispatch to Le Matin.

They were brought under control after several hours without bloodshed. Meanwhile 200 workers from a nearby arsenal gathered outside the prison and augmented the shouting of the prisoners with the "International" and cries of "Death to the police!"

The prison officials called upon naval authorities who sent a strong force and had little trouble in overpowering the rioters.

The trouble started when a dozen communist prisoners, armed with smuggled tools, smashed the walls of their cells and then liberated the others. Most of the furniture in the prison was broken before the mutineers were quelled.

## Hill County Has Ginned 26,982 Bales

Hubbard, Texas, Oct. 1.—The official ginner's report for Hill county prior to Sept. 16, as announced by Ben Ballard, special agent, is 26,982 bales, as compared with 4,484 on the same date in 1926.

## MISTRIAL RESULTS IN ARSON CHARGE IN GEORGETOWN COURT

By Associated Press.  
Georgetown, Texas, Sept. 30.—Failing to reach a verdict the jury which tried Mrs. Rebecca Bradley Rogers of Austin, 22, former University student on charges of arson was discharged in district court here today.

The jury stood nine to three for conviction, it was said.

The case went to the jury about 3 p. m. Thursday. The state charged Mrs. Rogers, then known as Rebecca Bradley, as her secret marriage to Otis Rogers was unannounced, had burned a vacant house in Round Rock as part of a plan to lure officers and employees from the Round Rock Bank. The defense pleaded not guilty and attempted to prove Mrs. Rogers was mentally unbalanced.

Mrs. Rogers also is under a charge of having robbed with firearms, the bank at Buda, Texas, not far from Round Rock the next day after the vacant house was burned. Her trial on that charge is to be held in San Marcos.

Mrs. Rogers remarked when the jury was discharged: "I must hurry back to San Angelo." She has been working there to be near her husband, who has been treated for tuberculosis in a sanitarium. His illness was traced to having left a sick bed at Amarillo to go to her defense when she was arrested and charged with robbery of the bank at Buda.

As the jury came in, Rogers was pale and appeared worried. Mrs. Rogers appeared somewhat aloof and rather unconcerned. Rogers seemed disappointed at the result, as he had expressed belief in a verdict of acquittal.

Harry Dolan, prosecutor, said: "It will be a conviction next time." Indications were that the next trial of the arson case will await disposition of the charges of bank robbery.

Jury Sent Back.

By Associated Press.  
Georgetown, Texas, Sept. 30.—The jury before which Rebecca Bradley Rogers was tried on a charge of arson in district court here reported to Judge Cooper Sanson at 9:12 o'clock this morning that it had been unable to agree. No indication of what the division is was given. Judge Sanson sent the jury back for further deliberation, but gave no indication of how long he expected to hold it.

## HIGH SCHOOL CLASS BATTLE RESULTS IN SERIOUS INJURIES

By Associated Press.  
Tipton, Ok., Sept. 30.—Burned seriously last night in a high school class fight, Arthur Jamerson, 17, president of the junior class, was declared today to have a chance to recover. He was burned when he sought to tear down an effigy, which had been saturated with gasoline, on the campus here.

The freshmen had erected the effigy and were losing in their fight to defend it, when young Jamerson crashed through their lines and tackled it. Some one threw a match at the effigy and flames enveloped Jamerson.

About half of his body was burned badly but, as he inhaled only a little of the flames, he has a fighting chance for recovery, physicians said. It was feared that much of the skin on his body would have to be grafted. Investigation by school authorities exonerated all boys participating in the fight. C. A. Jamerson, father of the boy and prominent merchant, said he did not blame the boys, declaring he believed his son's burns to be accidental.

## FORMER FT. WORTH DETECTIVE INDICTED FLOGGING CHARGE

By Associated Press.  
Fort Worth, Texas, Sept. 30.—Harry Conner, former city detective, was indicted by the Tarrant county grand jury today on charges of violating the State anti-mask law in connection with a flogging administered Morris Strauss, president of a plumber's supply company, by a band of unmasked men last July 8.

He was also indicted on charges of aggravated assault on Strauss. Conner voluntarily appeared at the Tarrant district attorney's office and said that the indictment was a surprise to him, and made \$2,500 bond.

## COTTON GINNINGS LIMESTONE COUNTY ARE 25,146 BALES

Special to the Sun.  
Mexico, Texas, Sept. 30.—Cotton ginnings in Limestone county prior to September 16 were 25,146 bales, compared with 8,958 bales to the same date last year, a census bureau report by Tom L. Cox, local agent, says.

Private estimates here are that the ginning report to the end of September will show about 40,000 bales, and that less than 12,000 bales will be ginned in October. Recent heavy rains have damaged cotton somewhat but farmers are preparing lands for fall grain planting.

## Died in Del Rio

Special to the Sun.  
Mexico, Texas, Sept. 30.—Mrs. U. P. Melton, of Del Rio, wife of the owner of the Melton Dry Goods company of Mexico, died a few days ago at her home, according to information here.

## On Leave of Absence

Special to the Sun.  
Mexico, Texas, Sept. 30.—Miss Sadie Hatfield, county home demonstration agent of Limestone county, has been forced by illness to take leave of absence from her work here. She will be gone several weeks.

## Baptist Women Meet

Special to the Sun.  
Mexico, Texas, Sept. 30.—Representatives of 18 women's missionary societies of Limestone County Baptist Association gathered here Wednesday for the annual all-day meeting of the union. The women prepared a report to the association

which meets in Coolidge October 6. Mrs. W. A. Frichard of Coolidge is president of the county union.

Sunday School Officers Special to the Sun.  
Mexico, Texas, Sept. 30.—Carl Davis, manufacturer, has been re-elected superintendent of the Sunday School of the First Christian church for the sixth term. B. H. Broiles was made assistant; Mrs. J. H. Preston, junior superintendent; Oran Barnett, secretary, and J. E. Barnes, treasurer, at the Sunday School council session this week.

## F. R. PROCTOR DIES IN FORT WORTH; BE BURIED IN DALLAS

F. R. Proctor, resident of Corsicana several years ago and a brother of W. C. Proctor of the Magnolia Petroleum Company, died in Fort Worth Friday morning at 5 o'clock. The body will be taken to Dallas and buried Saturday afternoon at 3:50 o'clock from the home of W. C. Proctor, 1510 Live Oak street, with interment in a Dallas cemetery.

Mr. Proctor was well known among old-time oil men here and had many friends here, several of whom are expected to go to Dallas Saturday to attend the funeral services.
